Mr. John Hill, Selectman, drew the name of Mr. Anthony Baia to serve at said session.

Then appeared Mr. R.E. McCarthy, Mr. John Carr, and Mr. R. Vee, Architects & Engineers of Tekton Associates, Inc., Natick, Mass. Also, present was:

Town Counsel,  
Advisory Comm. Chm.,  
including

Alfred W. Howes  
Mr. F.E. Claflin, with his Comm.  
Mr. Earl Smiddy  
Mr. Armando Pencilfini  
Mr. Charles Barton

Chairman Pessini stated that he had called this meeting for the purpose of discussing the Burke development on the hill formerly known as "Conder's Hill." Mr. McCarthy stated that he had advised Mr. Burke to put in his own sewerage system. Mr. McCarthy also stated that he thought it advisable at this time, if the Town had a survey made concerning sewerage and drainage disposal, which is anticipated sometime in the future. Mr. McCarthy strongly advocated a sewerage study, also installing sewerage mains now. The possibility of using the Sudbury River for drainage, discussed. Chairman Pessini asked Mr. McCarthy, "what would be involved in case we considered this item, as far as dollars and cents are concerned?" Mr. McCarthy answered, "we figure the cost of making a preliminary survey of the Town, for sewerage disposal, would be twenty-five hundred (\$2500.00) Dollars. Mr. Carr told everyone present, that for one thousand (\$1000.00) Dollars more they could make a water or drainage survey. In other words, Thirty-five Hundred (\$3500.00) Dollars would pay for both a preliminary sewerage and drainage survey. These men stated they would be doing this work "at cost" as they were looking to get in on "the ground floor" for possible future work in the Town. Mr. Barton than asked Mr. Carr if his Company had anything to do with Mr. Martin Cerel, real estate man and promotor. Mr. Carr answered "No". Mr. McCarthy did state, however, that they were "indirectly" doing business with Mr. Cerel. Next, the discussion turned to the Deerfoot (Little) development of a possible four hundred (400) houses, to be built within four (4) years. Sewerage system for such a development discussed. Mr. Smiddy questioned the figure of \$2500 for a preliminary survey of the sewerage system in Town. Mr. Carr cautioned all present, that his Company did not want the quotations made regarding sewerage and drainage surveys divulged. Chairman Pessini then closed the discussion by telling the Tekton Associates that the Town would take into consideration what was said here tonight.

A discussion then followed relative to said surveys. It was felt, by some, that Mr. Cerel was behind both developments, that if these developments did

put in their own sewerage plants, that within a few years said plants would create a great sewerage problem, that the town might be high-pressured into installing a sewerage system sooner than is necessary.

Then appeared Mr. J. Franklin Millea, Secretary to the Advisory Committee.

Mr. Howes, Town Counsel, stated that he was of the opinion that the Town would not get much industry in it, due to the fact that in some cases, it has been proven, through tests, that the soil is not good for sewage wastes that might come from industrial plants. Mr. Smiddy is in favor of the Town's having an "Impartial," survey made.

The possible use of the Fayville Village Hall, for the District Nurse, should one be appointed, discussed. Mr. Smiddy stated he would like to see said Hall used for the Community, in general, than for social purposes, only.

Members assembled at 7:30 P.M.

Present: Chairman, Francis R. Pessini, Selectmen, Howard E. Goff and John Hill.

Investigators Ford, Rogers, and Garafano of the Alcoholic Beverages Control Commission then appeared, relative to a Liquor Violation of Chapter 138, Section 33, of the Liquor Control Act, against the White's Corner Club. Also, appeared Mr. Frank J. Rossi, Manager of said Club, and his brother Eugene.

Mr. Frank Rossi stated that his brother brought two friends into the Club Sunday morning, the 26th of August, that he was in the kitchen at the time. Mr. Eugene Rossi explained that when his brother did not come out he (Eugene) opened a bottle of beer. "I know I did wrong," stated Mr. Eugene Rossi. Mr. Ford stated, "it was more like an alarm signal, because I was seen outside the Club." Mr. Eugene Rossi then stated, "I was the one who went back there and got the beer for myself and my friends." Mr. Frank Rossi then stated that the "fellows were going fishing, that the fellows park their cars in my parking lot--I am not selling beer until 1:00 P.M." Mr. Rogers explained that he ordered some beer and was "just about to get the beer" when Mr. Ford walked in.

The following is a copy of the liquor complaint concerning the violation of Chapter 138, Section 33, against the White's Corner Club, as on file at the Alcoholic Beverages Commission.

"As a result of a complaint on this file, Investigator Stanley entered these premises (White's Corner Club) on Sunday, August 26, 1956, at 11:40 A.M. through the rear door, which was open. Found three men consuming Schiltz's bottled beer. Two of these patrons were standing at the bar and one was seated in a booth. The manager, Frank Rossi, was in the kitchen and one of these patrons called him. He came out to the back of the bar and the investigator ordered two bottles of beer. While reaching into the beer cooler, he stated to them, "you know that I am not supposed to do this." Investigators Ford and Garafano entered the premises at this time and the patrons left the premises, leaving their unfinished beer and money on the bar. This followed a short and excited conversation in a foreign tongue, by a woman in the kitchen, to the Manager behind the bar. It appeared that Investigator Ford was rumored to be in the rear parking lot, where four or five cars were parked. It was brought out at this meeting that this was the first liquor violation of the White's Corner Club. The above matter was laid on the table--the A.B.C. to be notified of the Board's action at a later date.

Then appeared Mr. Fred L. Baker, Town Accountant.

Bills approved for payment--Warrant #40--Amount, \$7,574.08.

Chairman Pessini then talked, by 'phone', to Mr. Anthony DiBuono owner of a parcel of land on Walnut Drive, which has been creating a bad drainage condition on the land owned by Mr. Anderson, also of said Drive. Chairman Pessini reported to the Board that said DiBuono told him he would notify him before the end of the week, whether or not he (DiBuono) would give the Town an easement.

Street Light account discussed. The Worcester County Electric Company is being notified to install lights at the new elementary school, as discussed with their Mr. Chase, earlier this year.

Mr. Baker asked for a Gun Permit for his son, who is under twenty-one years of age. Request laid on the table. Later, said request discussed. It was unanimously voted: that all persons under twenty-one years of age not be granted said gun permits.

Then appeared Mr. Paul D. Bragg of "Eastleigh Farms" concerning his application for a Certificate of Incorporation under the name of "Central Massachusetts Dairy Association, Inc." Vote: Unanimous that said association be located in Westborough, Mass.

Chapter 90 Construction Contract, signed. Said contract is relative to work to be done on Fisher Road.

Then appeared Mr. Carl Anderson, relative to his complaint concerning the drainage condition up on Walnut Drive. Chairman Pessini told Mr. Anderson that the tie-up was not the Town's doing, that the Town is waiting for Mr. DiBuono to give the easement. Mr. Anderson stated that if the Town could not get the easement he (Anderson) would try to purchase that part of the land which is giving drainage trouble, from Mr. DiBuono, and that he (Anderson) would give the Town an easement. The quarry at Walnut Drive discussed. Mr. Anderson suggested that the people on said Drive get up a petition to have said quarry filled, as he considers it a great menace to the safety of the children. Said quarry is approximately forty (40') feet across and twenty (20') feet deep. Chairman Pessini is to notify Mr. Anderson, immediately, if he receives a definite answer from Mr. DiBuono.

Mr. Joseph Novick of "Harvest Hill", Fayville, has been given until October 1st., to take care of the corporate name of his Liquor License domicile.

The MTA is being requested to install the following;

1. An island on the south side of the Woodland Bridge be made.
2. a blind drain be installed in connection with the drain between Breakneck Hill Road and Cordaville Road, which would eliminate a water condition on Richards Road.
3. the drainage disposal at Richards and Parkerville Roads area be carried down to Southville Road by means of pipes.

These items have already been discussed with Mr. DiPina, Resident Engineer, by the Selectmen.

It was also unanimously voted at this meeting that: no more police

The Town Counsel reported that Mr. Starcher of the Starcher Expert Tree Service, of this Town, has brought suit against the Town, as well as against Mr. William Merchant. According to what had been told Chief Mattioli, by Mr. Hollis, said building plans had been drawn up prior to the Zoning Law, for a 1-car garage. Mr. Hollis is being notified to come to the office and procure necessary papers since he is now building a 2-car garage instead of a 1-car garage, as the original plans called for.

Chief Mattioli told the Board that he had been approached by Mr. Grossman of the Grossman Lumber Company, Quincy, Mass., relative to permits for sewerage,

on Gilmore Road. (The Roth-Mac Contracting Company had to relinquish all rights to said Gilmore Road project, which is now in the hands of the said Lumber Company).

Morrill, that "there was no violation of any law."

Chief Boland then reported that the State Fire Marshall is going to make an investigation of Mr. Morrill, relative to whether or not he has a license to hold church services on his property, since such a License is obligatory and "you can't have a gathering of over fifty (50) without a license."

Chairman Pessini then discussed the various insurances for the Town's Fire Equipment, including the new Fire truck.

"Eight or Nine days ago, some one came into the Garage and took the chain saw", Mr. Louis Pessini told the Board. Said theft is to be investigated.

Chairman Pessini then reported that he called Mr. DiBouno's home, relative to getting permission for the Town to go ahead and do the drainage work on Walnut Drive, that said DiBuono said "to go ahead."

The gravelling of Mr. David Aldrich's driveway discussed. Metal Culverts discussed. One Thousand (\$1,000.00) Dollars is to possibly be spent next year, for said culverts. Sand is to be purchased under Special Maintenance.

Thursday, November 29, 1956--Chairman Pessini called the Pesco Equipment Company (from the Selectmen's office), relative to the charges made to the Town of Southborough, for work done by said Company, on the F.W.D. truck. Also, relative to the bill as submitted by said Company, in the amount of Five Hundred Thirty-five and 02/100 (\$535.02) Dollars. (On July 19, 1956, the Board of Selectmen, through the Street Superintendent, wrote to said Pesco Company, that the Town's F.W.D. truck would be taken in to their establishment for repairs and listing said repairs. This letter also stated that the Pesco Company notify the Town if anything else had to be done to the F.W.D., before commencing this extra work).

Chairman Pessini asked to speak to the Company's Service Manager. Mr. Pessini told said Manager (Mr. Hutchins) that the Town had been billed for work done by his Company, but not authorized by the Town of Southborough, and that the Town is not responsible for these charges.

Mr. Pessini told Mr. Hutchins that his Company had put the "head gaskets on wrong--that is why it was pumping oil into the radiator." Mr. Pessini also told Mr. Hutchins "rear spring was broken"--we wanted lock fixed, and cab--never was".

Mr. Pessini did tell Mr. Hutchins that his Company did have a verbal okay from the Street Superintendent for them to go ahead and fix the "pump-shaft." "Truck came back--we ran it two or three hours, it was pumping oil into radiator, so we asked one of your men to come out and look at it". Mr. Pessini stated the Town did not send the truck to Springfield, as the Board felt the Pesco Company capable of properly fixing said F.W.D. truck, since said Company had been recommended to the Board of Selectmen.

Chairman Pessini stated to Mr. Hutchins, that he did not and does not feel that the bill, as submitted, is a justifiable one, that credit should be given to the Town.

Clerk to the Board of Selectmen

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

Dec. 6, 1956

Members assembled at 7:00 P.M.

Present: Chairman, Francis R. Pessini, Selectmen, Howard E. Goff and John Hill.

Then appeared Members of the Southborough Grange, including Mrs. Alice Woodward, Mr. and Mrs. Everett May, and Mr. Paul Menard.

The moving of a piano into the Fayville Village Hall, by the Southborough Grange, again discussed.

Mr. Menard told the Board of Selectmen that the piano, which is now in the Hall "was not properly tuned". Chairman Pessini told all present, that the Selectmen had said piano tuned last year.

Mrs. Woodward then stated that "I am a little bit responsible for that piano," (Piano as moved in by the Grange) Mrs. Woodward continued, "I called Mrs. Ferris and told her what we wanted." "Would we be allowed to move it into the Hall." Mrs. Everett May stated, "as far as we know, we got the 'green light' to go ahead and put it in". According to the Grange, neither piano is worth very much.

Selectman Hill stated that "Landings are gouged in four (4) places". Mr. Menard stated that a "screw somehow had been put in the bottom of the piano, which caused the scratching on the stairs. Chairman Pessini told the Grange members present, "we do not want the piano moved in". "If the piano (the one which has always been in the Hall) is not satisfactory, we will be more than glad to put it into shape."

Rental rates concerning the Fayville Hall discussed. The Board pointed out the fact that other organizations in the Town are expected and have to pay the rental rates as set up, that the Grange should be expected to pay the same.

Mr. Menard stated, "we went out and got bids for the stove and heater-built stage, etc." He also stated that the Grange found their sign "Grange Hall" "in the brush" outside. Said sign to be erected again, but in a different location.

Charge of \$ .75 for the use of the gas, in the kitchen, discussed. Board feels seventy-cents (75¢) is too much to ask for the use of the gas. The Board did point out, however, that those renting the Hall, either just the Lower or just the Upper, have a right to the use of the kitchen.

The Grange members brought up the use of the Hall, at a lower rate, by the American Legion, and the Veterans of Foreign Wars. According to Chairman Pessini, it is his belief his Board has no control over these Organizations.

Chairman Pessini brought out the situation where the children of the Southborough Schools had been asked to pay for the use of the Auditorium at the Albert S. Woodward Elementary School, so the Selectmen permitted said children to use the Fayville Village Hall free-of-charge.

The Grange members told the Selectmen, "we would not charge the children a nickel". They also told the Board that the thermostat was locked and, set at 72°, that the Hall was not always warm enough.

Mrs. Everett May told the Board that the Grange is a charitable non-sectarian organization, that it is the wish of the Grange to do something worthwhile for the community, that the Grange is not a fraternal organization.

Mr. Menard then told the Board that the cars on Oak Hill Road, between the hours of 7:00-8:00 A.M. and 4:00-6:00 P.M. were travelling said Road at excessive speeds. The Selectmen suggested taking the numbers of any cars seen, at any time, going over the speed limit. Said hill to be policed.

Then Police Chief Mattioli appeared, and a discussion followed, relative to the selling of liquor, by the Southborough Arms Club, tonight. It had been reported that said Arms was going to sell liquor until 5:00 A.M., tomorrow morning. Said Arms is to be watched and checked during the night. It is to be closed at 1:00 A.M.

The removing of loam on Prentiss Street, discussed. Chief to stop the removing of same.

Chief Mattioli then had to leave suddenly, due to the hold-up at Bill's Package Goods Store, Fayville--call came in from Marlboro Police approximately at 9:10 P.M.

The surveying of Newton Street, up as far as the Dow property, discussed. Selectman Hill is to approach Miss Grace Barker to discuss the Town's desire of claiming a portion of her land for the purpose of widening said Street.

Meeting adjourned at 9:15 P.M.

MINUTES OF MEETING  
BOARD OF SELECTMEN

Dec. 12, 1956

Members assembled at 7:00 P.M.

Present: Chairman, Francis R. Pessini, Selectman Howard E. Goff.

Deputy Sheriff, Herbert E. Banfill and Town Clerk, Austin E. Kelly, appeared, relative to the drawing of two (2) Jurors. The following names were drawn:-

Walter Laptewicz - Flagg Road

Charles O'Malley - Hillside Avenue,

for January 7, 1957, Civil and Criminal Sessions, at the Worcester Superior Court, Worcester, Massachusetts.

Mr. Vincent Dunn, Marlboro Road, appeared, relative to the Common Victualer's License at the "Country Kitchen". Mr. Dunn was informed that the license would have to be issued to the NEW proprietor, Mrs. Grace Palmer of Southville, as a Common Victualer's License is not transferrable.

7:40 P.M. Selectman, John Hill, appeared.

8:00 P.M. Police Chief, Francis J. Mattioli, appeared with his regular report.

Bills approved for payment--Treasury Warrant #56--Amount, \$24,446.66.

It was noted on the bill presented by Ramelli's Market, on November 3rd., Invoice #16252 (Ramelli's) one (1) gallon of paint with no price carried. Mr. Ramelli is to be contacted at a later time regarding above.

Fire Chief, John W. Boland appeared and wanted to know what the Highway was going to do about plowing private way owned by Mrs. Gladys Walker and Mr. Paul Menard, known as Hill Top Drive, off Oak Hill. Mr. Boland was informed that the Town does not plow private ways. He was also informed that this road has been before the Selectmen for the last three (3) years, and that an Article had been in the 1954 Town Warrant to accept the land and the road, but that Mrs. Walker and Mr. Menard had not complied with the specifications in installing drains, and building the road suitable to be accepted by the Department of Public Works.

Then appeared Superintendent of Streets, Mr. Louis Pessini, at approximately 8:45 P.M., making his regular report.

Quite a discussion ensued relative to Mr. Pessini's (Supt.) not having the Highway equipment in shape for snowplowing. The Selectmen were very much disappointed and told Mr. Pessini (Supt.) in no uncertain terms, that the Highway equipment had to be put in shape and kept in top condition, and that it had to be ready to plow, sand, and salt the streets before the storm started and not several hours after. The Selectmen are tired of having the Tax-payers complain to them about the trucks being in the garage, for hours, after the storms start, due to the fact that the equipment is not ready beforehand. Mr. Pessini was told to procure a new battery for the F.W.D.

proper voltage, and no more make-shift affairs. The Selectmen told Mr. Pesini (Supt.) they did not want any more of the "what the H---can I do", but that he (Supt.) would have to do or see that it was done (keep equipment in readiness at all times), in order to keep the streets plowed and in a safe condition, regardless.

10:30 P.M. Mr. Paul Berry (new President of the F.A.A.) appeared, relative to the application of the Fayville Athletic Association, Inc. for a Special License to serve alcoholic beverages at the Fayville Village Hall on December 31, 1956, from 6:00 P.M. to 12:00 M. It was pointed out to Mr. Berry that there could be no transferring of liquor from the F.A.A. Club on Grove Street, to the Fayville Village Hall.

The Selectmen also discussed with Mr. Berry, the condition that the Fayville Village Hall was left in last year, that if this happens again, no further licenses will be issued to them (F.A.A.), for the use of the Fayville Village Hall. Also, that Hall must be cleaned and left as they (F.A.A.) found it. Mr. Berry agreed to abide by the Selectmen's ruling. It was then VOTED to issue the license.

Then the Board decided to write a letter to the Boston and Albanny Railroad, to see what could be done about repairs to the railroad bridge on Bridge Street, Southville.

Meeting adjourned at 11:30 P.M.

Minutes of this meeting kept by Selectman, John Hill.

Mr. Leary stated that the present manager, Mrs. Lindquist, proposes to give up all rights in said Club, that it is to be taken over by him (Leary) and that the new Board of Directors would be made up primarily, of his own family. "All present members are resigning," stated Mr. Brewin, "no further mortgage or otherwise in the business." "Mr. Leary has been acting as assistant manager-Mrs. Lindquist is still President." Mr. Leary stated that, at present, he is living in Framingham, that he intends to cater to the All States people, as well as others, that he hopes to bring the Arms back to where it once was, making it a place where the Townspeople would like to meet, etc. Selectman Hill stated that the Board was interested in seeing that it was "kept clean." The Board cautioned Mr. Leary about not permitting just anyone to serve liquor at the bar. Mr. Leary said he was bringing his own bartender out from Boston, that at one time he owned the tavern called the "Oxford". Mr. Brewin stated that papers were soon to be passed, that as soon as the new Directors meet, the vote will be sent the Board. Liquor license for the Arms, okayed by the Board, as of this date.

Then appeared Mr. John Baveri, Chairman of the Harold E. Fay Memorial Field Committee, handing in said Committee's budget for the year 1957.

Chairman Pessini brought up the possibility of incorporating a Park Commission in the Town, to be made up of members interested in Mooney Field, H. R. Fay Field, and the Common and Town House Grounds, and hiring one (1) man to take care of all Fields and Grounds. Mr. Baveri was in unanimous agreement to this proposed plan.

Bill, as submitted by the Pesco Equipment Company, of Boston, in the amount of over Five Hundred Thirty-five (\$535.00) Dollars, discussed. Pesco Equipment Company is to be contacted relative to said bill, as the Board strongly feels, since certain work had been done on the F.W.D. truck, which was not authorized, the Town should not pay said bill.

Bills approved for payment--Warrant #58--Amount, \$8,274.41.

Chairman Pessini then reported that the Town Sheds, as far as the windows are concerned, have been repaired and covered with wire mesh screening.

Bill of Ten (\$10.00) Dollars, as submitted by the Cemetery Commission, taken off Warrant, since only one (1) signature appeared on it. (Mr. R. Champagne, Marlboro, send said bill to Commission.) Also, bill, as submitted by the Board of Health was taken off Warrant, in the amount of \$96.00, as the Board feels this amount could not be paid out of said Board's budget.

The lateness of bills, as submitted by the School Department, to the Board of Selectmen, for approval, discussed. Said bills were dated as of February 8, March 23, and April 9, 1956, respectfully. A letter is being sent the School Committee relative to the above, asking said Committee to effect the payment of said bills sooner, as the Board feels it is a reflection on the Town's credit.

Fisher Road discussed--The Department of Public Works is being asked to grant an extension of time on Chapter 90 Construction, on said Fisher Road, that "all work on said Road has been done except the "mix" job, as our Street Superintendent feels it is too late to do this work and he is short-handed, as far as help is concerned."

Both the Cemetery Commission and the Tree Warden are being asked, through letters, to sign names, when submitting bills for payment, and that at least a majority must sign, where a Commission or a Committee is concerned.

The Board is also notifying Mr. Austin Maguire, by letter, to the affect that he must come to the Selectmen's office and sign his application for the addition he requested to be built on his home on Winchester Street.

Then appeared Police Chief, Francis J. Mattioli, and a lengthy discussion followed relative to the Police budget for 1957.

Mr. J. Letter, as received from the Southborough Grange No. 118, discussed. Said letter informed the Board that said Grange voted to meet in the Fayville Village Hall on the second and fourth Fridays of the Month--to take effect January 1st, that the Caretaker and the Fayville Hall Committee have been so notified. Piano, as discussed some time ago, with the Selectmen, is to be temporarily left in the upper Hall, as stated in said letter. The Grange, according to this same letter, was of the opinion the Board of Selectmen was to ask permission of the VFW to use this organization's furniture for said Grange. A letter is being sent to said Grange to the effect that "apparently, there has been a misunderstanding", "we told the Committee (Grange) that it would have to ask permission from the aforesaid Veterans' of Foreign Wars Organization." Mr. Hoffman further stated that his wife called the Chief of Police, who immediately went to the Burnham Home and restrained the dog, but that said dog was again let out that same evening. Mrs. Hoffman's letter also complained of the continuous barking of said dog. Chief Francis J. Mr. Howes advised Mr. Pessini to the effect the Town should take this land by eminent domain, that the Town cannot be sued, but that the driver of a Town truck entering upon this land, in order to turn around, can be sued, that he would have to be protected by the Board of Selectmen. The Board is unanimously in favor of using said turnaround.

Selectman Hill then made a report on the Town Hall Committee's findings at its meeting of January 11th. MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

Feb. 2, 1957

About 6:30 P.M., Selectman Hill received a telephone call from Mr. Ronald Files of the Files Equipment Company, 8 Sylvia Street, South Acton, Mass., relative to a bill that already had been discussed several times with the Files Equipment Company.

Mr. Ronald Files still maintained that the complete order for merchandise, viz:

300 feet of 3/8" Test Chains  
3 Sets of Blades  
12 Road Torches  
1 16-foot Tow Chain

had not arrived. He stated that some of the merchandise could have been shipped, but he was asked by Mr. Louis Pessini, Street Superintendent, to wait and ship when the order was complete.

Mr. Hill (Selectman) understood that Mr. Files was waiting for the blades to arrive to complete the order. He (Files) also maintained that Mr. Louis Pessini ordered and paid for the Homolite Power Saw that had been left at Highway Sheds.

Mr. Hill (Selectman) made it very plain to Mr. Files (Ronald) that the Selectmen were not satisfied with the procedures and that the Selectmen wanted to know who the factory warranty was made out to, that they the (Selectmen) intend to find out.

Mr. Hill (Selectman) also instructed Mr. Files (Ronald) not to ship anything until he (Files) first hears from the Selectmen.

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

Feb. 4, 1957

4:30 P.M. Selectman Hill received a telephone call from Francis R. Pessini, Chairman of the Board of Selectmen, requesting him (Hill) to come to his home, that Mr. Ronald Files was there.

On arriving at Mr. Pessini's (Chairman) home, Mr. Pessini said that he had just gotten the story of exactly what happened, relative to the Saw (Chain) and merchandise, in question, and that he wanted Mr. Files to inform Mr. Hill of the facts.

Mr. Files (Ronald) stated that he had been lying to the Selectmen, and that Mr. Louis Pessini had also been lying to the Selectmen, that he (Ronald Files) was sick of it and wanted to get this matter straightened out.

When questioned why he would jeopardize his future business with the Town of Southborough, just to obtain one (1) order, he stated that Superintendent Pessini told him that he (Superintendent Pessini) had some money left in his Budget and that he (Files) went along with the Superintendent of Streets, and that there were to be no chains, torches, or tow chain to be delivered, that a bill that the Superintendent approved for payment on December 26, 1956, stated that we would have received one (1) Homolite Chain Saw and three (3) Sets of Blades.

Chairman Pessini told Mr. Files (Ronald) that the Selectmen had not been fooled, especially when the Board went ot the Highway Sheds on a previous date, and found that none of the merchandise that had been paid for, had been delivered.

Mr. Ronald Files stated "I know that this looks pretty bad for me, and I do appreciate the business that we have received from the Town of Southborough."

Mr. Hill (Selectman) told Mr. Files that he could not understand why two (2) men would "cook up" a deal like that. To do such a thing, was bad enough, but, after being questioned on several occasions, by the Board, to deliberately lie and "stick" to it, was even worse.

The final outcome of the meeting was, that Mr. Files was to reimburse the Town for the entire amount, namely, Four Hundred Twenty-eight and 40/100 (\$428.40) Dollars, and that, as long as he (Files) had ordered the blades from the manufacturer, the Selectmen would accept them on delivery, that he (Files) would present a true bill and he (Files) would be paid for them.

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

Feb. 16, 1957

2:00 P.M. The Board met this afternoon for a discussion with Mr. Louis Pessini, relative to his conduct as Superintendent of Streets. The Board received a letter of resignation from Mr. Louis Pessini this morning--same to take effect March 1st. 1957. Mr. Pessini stated in his letter that he would meet the Board anytime at the Fire House or the Highway Sheds. The Board feels that if Mr. Pessini (Louis) could not keep an appointment at the Selectmen's office, it had no further need of his services, and it was a unanimous vote that his (Louis Pessini's) resignation be accepted.

Mr. Leo Pessini was then called and asked to come to the Selectmen's office. Mr. Leo Pessini was asked if he would be interested in taking charge of the Highway Department, as a working foreman. He agreed to do so and the Board appointed him as such, with certain limitations, which will be written up on or before March 1, 1957.

A general discussion ensued, relative to Highway work, and the Board explained to Mr. Leo Pessini that it was the intention of the Board to try and have a better relationship between the Highway Department and the Residents. The Board had made it an issue in the past, with the Superintendent of Streets, to operate the Department with as little friction as possible. It is the intention of this Board not to appoint a Superintendent of Streets, until after the Town has taken action on one of the three issues that is coming up before the Town, via the Town Warrant in March, 1957. BOARD OF SELECTMEN

Feb. 17, 1957

Selectman Hill received a call from Mrs. Arthur Hosmer, to see if anything could be done about skating for the children, during the week of vacation (Feb. 18th thru Feb. 22nd.)

Selectman Pessini and Hill went to the skating rink, and after looking the rink over, it was decided that it would be too expensive to build a berm around the West side of the rink, in order to hold the water inside of the area where the ground had been excavated for the laying of pipes ( water disappears in this area.)

The two Selectmen went over to St. Mark's and looked at the skating areas there and then to the Town Hall, where Mr. Fine, Business Manager of St. Mark's, was contacted to see if the Town could use the old skating pond. Mr. Fine gave the Selectmen permission to use same. The Highway crew is to work with Mr. Joseph Mauro to clear the area for that purpose. Prior to this arrangement, it was learned from Mr. Harold A. Bauld, Chairman of the School House Building Committee, that the work had not been finished at the skating rink. Mission accomplished at about 3:00 P.M.

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

Feb. 20, 1957

A special meeting was scheduled for tonight, but due to the fact that Chairman Francis R. Pessini, and Selectman, Howard E. Goff were unable to attend, no meeting was held.

However, Selectman, Hill did sign Warrant #9, in the amount of \$11,619.39, and then had it taken to the home of Selectman Goff for his approval, before sending same to the Town Treasurer.

Mr. William Binder, Jr., appeared (he had a scheduled appointment at 8:00 P.M.), relative to his request for a Zoning Permit to build a garage. Selectman Hill told Mr. Binder his request would be taken under advisement--to be possibly taken up with the Town Counsel.

Request of Mr. Charles Mauro, to build on his property on Winter Street, perused by Selectman Hill, who feels said request is not conforming to the Zoning By-Laws--to be taken up later, when the full Board is present.

Selectman Hill dictated a tentative letter to the Superintendent of Streets, for the Board's approval later, concerning the acceptance of the resignation of Mr. Louis Pessini as Highway Superintendent. Mr. Pessini (Louis) is being asked to attend a meeting of the Board of Selectmen, to be held on Saturday, February 23, 1957. Police cruiser widely discussed. Chief Mattioli reported that in spite of the fact the cruiser had been serviced at the Newton Street Garage, that a new carburetor had been installed, it (cruiser) lacked power, not going over sixty (60) miles per hour, that "new carburetor which Angelo Bertonazzi put in car wasn't any good." Chief Mattioli continued, stating that the cruiser was taken to Ghetti's on Marlboro Road, that old carburetor was put back in cruiser, that new spark plug was put in, that cruiser regained it's power. The Chief continued by stating the night patrolman discovered brakes did not work--"took it down to Crawford's," "no fluid in master cylinder--Patrolman could have gotten killed," stated Chief Mattioli. Chief Mattioli feels mistakes shouldn't be made relative to spark plugs. It was suggested by Selectmen Hill that Mr. Angelo Bertonazzi be asked to attend a meeting of the Board of Selectmen, Wednesday, March 6, 1957, at 8:00 P.M. He is being so notified.

Then the Board discussed over-time pay for the Police Chief, should he be asked to do police work for Clubs, etc., in the Town. Chief Mattioli is of the opinion said work can be done. Board is of the opinion said Chief can only do Police work for the Town--it is to investigate same further.

Chief Boland then reported that Mr. Allison R. Booth had resigned as a member of the Fire Department, not giving any reason for his (Booth's) action.

Then appeared Street Superintendent, Louis Pessini, who reported that Charles Sawin, presently residing on Richards Road, stated the water runs along side of the pipe, which was installed, instead of going through it. "Berm at Wheeler's put up", stated the Street Superintendent. (Superintendent Pessini referred to water condition on Cordaville Road near Route 85 and 30 intersection) Mr. Pessini reported that the "Department of Public Works is going to draw up blueprints for Newton Street in a couple of days." The Street Superintendent also reported that the Department of Public Works does not allow putting stone on "81" roads, but does allow it on "90". Mr. Pessini also stated that the County Engineer, Mr. Esty, told him land damages can be taken out of the Chapter 718 allotment to the Town.

Bridge, at Bridge Street, Southville, again discussed. The Board told the Superintendent that the Town Counsel was of the opinion the Town would have to only "surface" said bridge, since all bridges in the Town come under different Statutes.

Cement Posts discussed. Chairman Pessini feels that the Town should have a "standing order" put in for said cement posts.

Selectman Hill reported that Mrs. Armstrong, East Main Street, complained that the ditch on her land to which the Town has access, needs to be cleaned. Mr. Hill also reported that Mr. Leland on Mitchell Street called him, stating that he (Leland talked to Mr. James Murry of the Murco Constuction Company, Natick. Mr. Leland told Mr. Hill that Mr. Murry stated "the Town was supposed to take care of the Roads." Mr. Hill told the Board, that he told Mr. Leland, "Murry had given the Town a great deal of trouble, that said road has to be properly gravelled and oiled before the Town can accept it.

The Highway Superintendent was then instructed to take care of the ditch at Mrs. Armstrong's.

Memo: Southborough Lobster House discussed. (It has been brought to the attention of the Board by Alden Seltzer, Attorney-at-Law, that the Lobster House is changing its management. Board is to investigate, to find out who is present owner, before A.B.C. is to be notified.

Mr. Angelo Bertonazzi called, by telephone, stating he could not keep his appointment with the Selectmen, due to the fact that he was installin clutch in on of the school busses, which had to be used in the morning to transport the children.

Then appeared Mr. Fred J. Williams of Framingham, new proprietor of "Wagon Wheels", applying for a Common Victualer's License, which, after some discussion, was unanimously granted. Chairman Pessini had appeared (8:25 P.M.) at this time, and stating he was in favor of same. Also, appeared Fred Baker, Jr.

Bills approved for payment--Warrant #11--Amount, \$1,739.12.

Selectman Hill told Mr. Baker that he wouldn't vote in favor of putting anyone on Police work in the Town under twenty-one years of age.

Chairman Pessini and Selectman Goff also agreed with Selectman Hill. Chairman Pessini stated, however, he did not object to Mr. Baker's doing construction police work such as working on the Toll Road, etc. The Board assured Mr. Baker that it realized he would make a good police officer, that he (Baker) had already done good police work on the Toll Road, that it (the Board) feels it must not appoint anyone, unless he is twenty one or over. Mr. Baker told the Board it is his desire to make police work his career.

9:15 P.M. Then appeared Mrs. Thomas Ferris, member of the P.T.A. and former President of same, and Mr. John Baveri, Chairman of the H.E. Fay Memorial Field, Committee. (Mr. Fred Quinn told Clerk he would be unable to attend meeting tonight, that Mr. Frank Stockwell, member of the Mooney Field Committee, also, might attend)

Chairman Pessini explained, in detail, the proposed set-up concerning the Playgrounds, Common and Town House Grounds, Swimming Pool, and P.T.A., relative to incorporating same under one (1) budget as "Town Grounds and Services". Chairman Pessini explained that the maintenance of all above-mentioned, will come under one (1) man, such as mowing of lawns, etc. Both Mr. Baveri and Mrs. Ferris are in favor of the above. After further discussion relative to playground equipment, swimming instructors, etc., Chairman Pessini asked if he might hold a meeting with the P.T.A. to discuss

further this subject. A meeting is possibly to be held on this Thursday night, at 7:00 P.M.

Then appeared the Advisory Committee, including Secretary, Franklin Millea, Charles Barton, Earl Smiddy, and Armando Pensalfini. Chairman Pessini told the Advisory Committee the proposed "Town Grounds and Services" budget was considered favorably by both Mr. Baveri and Mrs. Ferris.

Article 65 of the Annual Town Meeting, concerning the skating rink in Choate Memorial Field discussed, at length. Chairman Pessini explained how his Board tried to have said rink flooded, so that the children could skate there, but due to the existing drainage condition, the water would not stay long enough in said rink, seeping into the ground. It was unanimously agreed by all present, that said Article should be dismissed.

Article 42 of the Annual Town Warrant, discussed. Chairman Pessini explained to the Advisory Committee that the Department of Public Works had been contacted, that said Department would not agree to the proposed land-taking at the corner of East Main and Newton Streets, unless the Town made all land-takings as surveyed by the Commissioners in 1952. Said Article is to be dismissed.

It has been brought to the attention of the Board of Selectmen, that Donald D ezarn of Oak Hill Road, Fayville, is building an addition to the "living room" in his home, without a Zoning Permit. Mr. Dezarn is to be contacted by the Board.

MINUTES OF MEETING  
BOARD OF SELECTMEN

March 13, 1957

Members assembled at 7:00 P.M.

Present: Selectman Howard E. Goff and Selectman John Hill.

Selectman Goff reported that he had received a complaint from Mrs. Henry Mitchell, of Turnpike Road, Fayville, to the effect that brush is being left out on the sidewalk by the contractor who is building the new service station for the Gulf Oil Corporation, on Route 9, near Willow Street.

While there was not a scheduled appointment with the Board, Mr. Edwin J. Fedeli, applicant for the proposed Drive-In theatre, appeared at this time (7:10 or thereabouts), with Mr. Francis E. Ramelli of Main Street, this Town. Mr. Fedeli handed in a Petition, as signed by certain of the Townspeople, in favor of said Drive-In, viz: 183 persons.

7:20 P.M. Then appeared Chairman, Francis R. Pessini and Town Accountant, Fred L. Baker.

Chairman Pessini then read aloud a letter by Mr. & Mrs. Currie Keith, which Mr. Fedeli also handed in, and which stated that the Town, if said Drive-In is okayed, will need "no additional police" and "no additional wear and tear on the side streets of Southboro." Chairman Pessini was most emphatic in stating "I don't go along with those two (2) statements." Chairman Pessini, of course, referred to "no additional police" and "no additional wear and tear on the side streets of the Town."

A section of Route 9, where the proposed drive-in theatre is to be located, widely discussed. Chairman Pessini told Mr. Fedeli that this particular section was quite dangerous, due to east-bound traffic, especially heavy trucks which traverse the Pike at midnight and after, the time at which the cars could be or would be leaving the Drive-In premises. Mr. Fedeli stated, "if we have to have four (4) officers (Police), we will have four (4), and I will write a letter to the Board." Mr. Ramelli stated that the Townspeople "have been given the impression it is going to cost the Town a lot of money, for Police." Chairman Pessini told everyone present, that another Petition is to come in. Mr. Fedeli told the Board that the "Tri-Town" drive-in theatre was built by him. Then Mr. Fedeli was told that just as soon as the Board took action on this issue, he would be notified, that it (the Board) was going to investigate him (Fedeli) further. A Letter is being written the Mayor of Fitchburg (Mr. Hedley Bray) relative to said Tri-Town drive-in and relative to said Fedeli.

8:00 Mrs. Ruth Goodnow, of Clifford Street, this Town, appeared, handing in a petition signed by certain Townspeople, against said Drive-In theatre, viz: 281.

8:05 P.M. Then appeared Mr. Angelo Bertonazzi, present owner of the Newton Street Garage, who was told by the Chairman, that the Chief of Police stated the Town was not getting the service that it should on the cruiser.

Mr. Bertonazzi readily admitted that the new carburetor, as first installed in the cruiser, at his garage was "no good". Mr. Bertonazzi further stated that the Company manufacturing said carburetors does not any longer "guarantee" them. With reference to the brake fluid, Mr. Bertonazzi stated that he believed that the welding torch must have "accidentally" perforated the brake lining, causing said brakes to lose said fluid, that he (Bertonazzi) didn't charge the Town for "brakes" and Tune up." (Said work on brake-linings was done at Crawford's, on the Worcester Turnpike.)

The Board explained to Mr. Bertonazzi, that when the cruiser is brought in for a check-up, he is to go ahead and fix anything that needs fixing, that if notices anything that must be done, not to wait until the next check-up, but to take care of it right away. Police Chief Mattioli is to be informed of this procedure again, as there seems to be some misunderstanding of just what the Board requires concerning Town equipment in all departments. The Board informed Mr. Bertonazzi that it is interested in "preventative maintenance." The Board informed Mr. Bertonazzi, since the cruiser was allocated to his garage, it is his duty to fix said cruiser, even if he is called at midnight. The Board stated that if a condition was only a minor one, the Chief could have said condition taken care of next day.

Then appeared the newly-appointed Highway Foreman, Mr. Leo Pessini. Automatic Sander chains discussed. Various sewerage conditions in the Town, discussed. The Board is to investigate a sewerage condition on Cherry or Pleasnat Street, Fayville with Highway Foreman, Mr. Leo Pessini.

The Town Accountant reported that the records, as kept by Foreman Pessini, since his appointment, have been kept well. The Board told the Highway Foreman to take plenty of time to do a job, so that it will be done well. An increase in the pay rate for a working Foreman discussed. The Board feels that, at the present time, there is no way in which such an increase could be requested. that said Board would "straighten it out with the Personnel Board later."

It was reported by Mr. Leo Pessini that he talked with Mr. William Brown of the Department of Public Works, that said Brown told him (Foreman) the Engineer will not be down until the last of April or the First of May to go over Chapter 90 Construction and Maintenance work, that said Brown told him (Leo Pessini) Mr. Birch Hibard, former Engineer for this district, will come down with the new Engineer to discuss these matters. Layouts of all 90 roads to be procured by the Town.

Loam, as left along the side of Fisher Road, discussed. Board to investigate tomorrow, said Fisher Road, with Highway Foreman. Foreman instructed to have corrected the condition of the sidewalk near Mrs. Henry Mitchell, as left by the contractor building the Gulf Service Station.

9:15 P.M. Then appeared Mr. Joseph Kenneth Murphy, Veterans' Agent, reporting that the Framingham Community Chest Organization, through its Mr. Murphy, contacted him with reference to a Mr. Angel, living in Southville with his wife and five (5) children, as having the electricity turned off, due to said Angel's not having paid the Electric Company bill of \$62.85. Veterans' Agent Murphy felt that a hardship has been brought about. that he

took up the matter with the Veterans' Organization, in Boston, that said Organization refused to reimburse the Town, should it help said Angel, since it (Veterans' Organization) considered said Angel chronically lax in paying his bills. Mr. Murphy (V.A.) told the Board that he had contacted the Red Cross to see if that Organization would help, and was told, said Organization could not help.

Mr. Murphy V.A.) also reported that a Mr. Bedighan of the Society for the Prevention of Cruelty to Children (SPCC) called him in reference to this matter. Mr. Murphy (V.A.) further stated said Mr. Angel worked for General Motors, in Framingham and that he (V.A.) contacted the Worcester County Electric Company and asking said Company if it would accept one-half of said bill. Said Company reported to Mr. Murphy (V.A.) that said Angel was chronically lax in paying his bills, that it (Electric Company) would not turn on the electricity until the whole bill was paid. Chairman Pessini then contacted Mrs. Annette Deer, a member of the Welfare Board, to see if said Board could be of help. It was the consensus of opinion that since Mr. Angel did not apply to the Welfare Board for aid, but only asked that "the lights be turned on" and that said Angel is a Veteran, the Welfare Department could not interfere. Mr. Murphy reminded the Board that if it did anything for Mr. Angel, the Town would not be reimbursed. After further deliberation the Board unanimously voted that the Veterans' Agent be authorized to pay the whole electric bill, viz: \$62.85.

Mr. Murphy (V.A.) then asked the Board of Selectmen why he did not receive the increase in salary, which he had requested in this year's budget? The Board told Mr. Murphy it was of the opinion that such a request, since he is not a permanent employee, would have to come through an Article in the Warrant.

The Veterans' Agent then asked the Board if it would be possible to purchase a Photostat Machine, to be kept in the Town Clerk's Office, for the use of all Town Departments. The Board looked upon this suggestion favorably and told Mr. Murphy it would take the matter under consideration.

9:55 P.M. Then appeared Mr. and Mrs. Fred J. Williams, of Framingham, new proprietors of "Wagon Wheels", applying for a Common Victualer's Wines and Malt Beverages License. (The Clerk of the Board, at this time, reported to everyone present, that she talked with Mr. Reilly of the A.B.C. relative to the Town's status, as far as liquor licenses are concerned. Mr. Reilly told the clerk that the only license available to the Town of Southborough, was one (1) Club License that no other licenses can be granted until the year 1960, when another State Census will be taken, that said Liquor Licenses are determined by population) Both Mr. and Mrs. Williams told the Board, who had explained the procedure of obtaining a Club License, they would approach their lawyer and discuss the matter with him.

10:15 P.M. Then appeared Mr. Raymond Elwood and Mr. George McGee, both of Marlboro, applying for a used-car license to sell cars on the property adjacent to what was formerly known as "Frank's Garage", located on Marlboro Road. Chairman Pessini then told both men, that a letter be written to the Board of Selectmen stating all data with reference to their request.

The Board then discussed the shortening of appointment time granted, to fifteen (15) minutes, instead of one-half ( $\frac{1}{2}$ ) hour. Selectman Hill made a motion to that effect, which was made unanimous.

Then Selectman Goff reported that the Reverend Morrill White Bagley Road, requested permission to move a chicken coop 6' x 8' onto his property, to be an addition to the present chicken coop.

10:45 P.M. Bills approved for payment--Warrant #12, Amount--\$16,885.07.

When Patrolman Pietrasiak came to the Selectmen's office to pick up the Warrant, he reported that the "County Kitchen" is again closed.

Letter, as received from Mr. Fred Baker, Jr., relative to asking permission to ride in the cruiser, when patrolling the Town, unanimously vetoed by Board.

Request of Mr. Andrew J. Lane of 102 Rockland Street, Natick, Mass. to excavate Prentiss Street, Southville, so that water main extensions may be installed, granted. Mr. Lane signed a Permit to OPEN, OCCUPY, AND OBSTRUCT, a WAY, also signing bond in the presence of Highway Foreman, Leo J. Pessini, and Selectmen's Clerk, for Five Thousand (\$5000.00) Dollars, as issued to said Lane by the Massachusetts Bonding and Insurance Company.

Letter, concerning an offer of Three Hundred Fifty-seven and 52/100 (\$357.52) Dollars for the Old Fire Station, in Southville, as received from Mr. Richard Curran of Framingham, Mass., taken under consideration--no action taken.

Zoning Permit granted Mr. Donald DeZarn to build an addition to his present living room, located on Oak Hill Road, Fayville.

Southville Fire Station (Old) again discussed. To be put out on bid.

Meeting adjourned at 12:00 Midnight

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

March 14, 1957

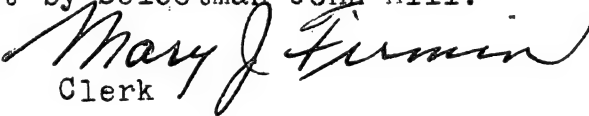

4:30 P.M. The Board met with Foreman, Leo Pessini, at Pleasant and Cherry Streets, to investigate a complaint by Mr. Andrew F. Ciccolini, relative to the odor that seems to be coming from a manhole in that area. There are three (3) pipes coming into manhole. Further investigation is to be made to determine from which pipe the sewerage drainage is coming through.

The Board then went to Fisher Road to investigate, to see about the loam that is being taken away from the side of the road. Mr. Leo Pessini was instructed to find out from the Department of Public Works whether or not the loam belongs to the Town, or to a former owner of the land that was taken for Chapter 90 Construction.

The Board also investigated the cable that was installed in Northborough Road last year, and found the Road to be only eighteen (18') feet from post to post.

It is the opinion of the Board that, if the Regional High School is built, and the school busses should use Northborough Road for transportation, the cable fence would most likely have to be moved back about three (3') feet on the lefthand side of the Road. In order to do this, a considerable amount of fill and some kind of retaining wall will have to be erected--no action contemplated at this time.

Minutes of above meeting kept by Selectman John Hill.

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

March 17, 1957

7:00 P.M. The Board went to Lunenburg, Mass. to investigate the Tri-Town open-air theatre operated by Mr. Edwin J. Fedeli of Shrewsbury, Mass. The Board of Selectmen is of the opinion that Mr. Fedeli operates a clean theatre. The Board also talked to the Chief of Police. The Chief stated that the theatre had not created any great problem, not near as much as the race track that used to occupy the same grounds. He also stated Mr. Fedeli pays for all of the costs of police protection. The Officers receive Eight (\$8.00) Dollars an evening, and are paid directly from Mr. Fedeli. It is up to the Chief of Police to determine how many police are needed during the emergencies. Home to Southborough at about 10:30 P.M.

After a motion which was made by Selectman Hill and seconded by Selectman Adams, the Board organized as follows:

Selectman Hill then received a telephone call from Mrs. Ruth Goodnow, Secretary to the Board of Health.

8:00 P.M. Mr. Edwin J. Fedeli, applicant for the proposed Drive-In theatre, had an appointment, at this time, to discuss said theatre--Mr. Fedeli did not attend this meeting.

8:35 Mr. Wallace Goodnow and Mr. Philip Beals appeared at this time requesting an audience with the Selectmen--since they did not have an appointment set up, they were asked to come back at 9:30 P.M.

Mr. Roland Friceault of Newton Street, appeared at this time, since he had set up an appointment with the Board, to discuss the possibility of securing employment on the Town's Highway Department. (A Mr. Barry of the Worcester Telegran and Gazette, also appeared at this time.)

Selectman Hill told Mr. Friceault the Town did not pay "overtime", that the regular work week constituted forty-seven and one-half (47½) hours, that it is up to the Highway Foreman whenever work is required over the above-mentioned hourly work week. Concerning snow storms, Selectman Hill told Mr. Friceault, "you know you will have to be out all night long--maybe the next day and night." Mr. Friceault was agreeable to these terms. After further deliberation concerning Mr. Friceault's ability to driving the various Town-owned equipment, it was unanimously voted that he would come under "Group 56" of the Town's Job Classification Program, at a beginning rate of

\$1.46 per hour. Mr. Friccault is to begin work the first of April.

Zoning Permit, as applied for by Mr. C. Edward Baker, Cross Street, to build an addition to his present garage on the South side of said street, granted.

A unanimous vote was then taken, which Nominated William H. Onthank, as Inspector of Animals. After the Board receives the approval of the Director of Livestock Disease Control, concerning said nomination, the Board then may take action to Appoint said nominee as said Inspector.

Specifications, concerning new chain saw, as voted under Article 40, in the amount of \$337, as received in this office, from the Tree Warden, discussed. Mr. Onthank is being notified that the Board feels bids on this Saw do not have to be advertised, since the amount is less than One Thousand (\$1000.00) Dollars, that the Board would appreciate having him (Onthank) attend one of its meetings, if and when he receives said bids.

The Board also discussed the change in management of the Southborough Lobster House, Inc. Mr. Alden Seltzer, Attorney-at-Law, Framingham, is being asked to attend a meeting of the Board of Selectmen, on Wednesday, March 27th, at 9:30 P.M. to discuss same. (Copy of this notification to be sent to Mr. L.J. Martino, President)

9:30 P.M. Then appeared Mr. Wallace Goodnow and Mr. Philip Beals, representing themselves, for the purpose of voicing their objections, verbally, concerning the proposed drive-in theatre. Mr. Goodnow stated, "best way would be to have a town meeting--let the people vote on it." Selectman Hill reminded Mr. Goodnow that "as a Board, we have certain powers which we can decide." Mr. Hill was of the opinion the Townspeople might be of the opinion--"can't the Board decide for itself?" Mr. Goodnow stated, "if you call a Town meeting, you will get a crowd." People immediately surrounding this area are 100% against it," stated Mr. Goodnow. Mr. Hill answered, "When a person makes it his duty to go around and have a petition signed, it doesn't mean a thing." It was brought out at this meeting that one person in particular, signed both petitions, Pro and Con. Selectman Adams stated such signing should be "disqualified." Selectman Goff asked Mr. Goodnow why he objected to said Drive-In. "Closely involves me and my property--we like to live out-of-doors during a definite period of time, that it (Theatre) would affect us at night." Mr. Goodnow also stated, "If they put in a drive-in theatre, I am going to ask for an abatement." Selectman Adams remarked, "you couldn't have houses there." Selectman Hill explained, fully, the Selectmen's visit to Lunenburg, to the "Tri-Town" theatre, owned by Mr. Fedeli, and stating there was parking space for 800 cars, "we were there about an hour and a half." The Chief of Police was to have been there, but had to attend duty elsewhere, but returned later stating, that when they (Lunenburg) had the race track there, it had its hand full, but since the theatre has been there, they have had no trouble, that Mr. Fedeli had said theatre well-policed.

The Board, in general felt that said theatre was well-run, that Mr. Fedeli met the various requirements of the Town of Lunenburg. Mr. Philip Beals stated, "I think we would be better off if an Industrial Development comes in."

Selectman Hill told both men that an individual is inclined to see only

that side of an issue the way it affects him personally, that the Board must take into consideration both sides.

Discussion followed relative to the request of Mr. Ray Elwood of Marlboro, concerning the selling of used cars. Mr. Elwood is being notified, by letter, that at his meeting with the Board of Selectmen, March 13th, it was the opinion of the members he wished to sell cars on the property adjacent to what was formerly known as "Frank's Garage" this his (Elwood's) letter of March 16th, states said land as being that known, presently, as "Country Kitchen", that if he (Elwood) wishes to sell on the Dunn property where Country Kitchen is located on same, it will be necessary to seek another appointment with the Selectmen, to discuss the matter.

Zoning Permits then granted the following:

John Trubiano, Holliston, on Lots #35 and #36, Southville Road.

The Board is also notifying, by letter, Mr. Harry R. Leland, Mitchell Street, that it must refuse his request to have town-owned equipment haul gravel to his home, as a precedent would be set by so-doing.

Pianos, at the Fayville Village Hall, again discussed. The Board is requesting, in writing, from the Southborough Grange, permission to use publicly, its piano, as discussed some time ago, with said Grange, in the Selectmen's office, explaining that it (the Board) is also asking permission of the V.F.W. to dispose of its piano, so that the present piano in the Fayville Hall can be moved downstairs for the use of said V.F.W.

March 18th. Said Bill, if passed, would take from the Counties and Commissioners, all rights concerning Public Ways and Works. Clerk of Board immediately got in touch with two-thirds (2/3) of the Board of Selectmen, who strongly opposed said Bill.

Town Counsel notified of Board's decision, by telephone call, from Clerk. Mr. Howes notified said Administration immediately.

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

MARCH 25, 1957

Members assembled at 7:00 P.M.

Present: Chairman, Howard E. Goff and Selectmen, John Hill and Henry Adams.

Then appeared Mr. Herbert E. Banfill, Deputy Sheriff and Town Clerk, Austin E. Kelly for a Jury-drawing, of two (2) names, concerning a Civil Session at Superior Court, Worcester, beginning April 1, 1957. The following names were drawn:

Frederick J. Harris, Poultryman, Edgewood Road.  
Mary M. Guinasso, Oregon Road, Housewife.

Mr. Kelly then brought up the matter of Mrs. Collins' not being notified to be at the Election of Town Officers, on March 18, 1957. Mr. Kelly explained that "it is only at Primary Elections that we cut down". Mr. Kelly also stated that he had made several calls to different persons, and did not receive an answer to telephone calls made, that in some cases Election Officers themselves, called him (Kelly) if they were to be at the Polls on above-named Election Day. Mr. Kelly stated it was his fault Mrs. Collins was not called.

Mr. Kelly then brought up the matter concerning the possibility of having "Hot Water" in the Town Hall. Bottled gas considered as a means of heating said water.

Condition of the "back door" to the Hall, also brought to the attention of the Selectmen, by the Town Clerk. (There seems to be some trouble with the old lock on said door)

Door entering the Town Clerk's office discussed--to be swung out instead of in, as it is at present.

Zoning Permit to build an addition onto her present garage, as applied for by Miss Catherine Gralton, discussed. The Board is of the opinion that the boundary line for such an addition, would be in violation of the Town's Zoning By-Law. Board is to have the Town Counsel investigate.

Chairman Goff then reported that the "Wagon Wheels" on Route 9, is to be sold again.

A new Superintendent of Streets, discussed. It was the unanimous opinion of the Board that Mr. Leo Pessini be appointed at this time as a "working foreman" and that after a period of three (3) months, the Board would take some action to appoint him (Leo Pessini) as a "working superintendent", putting him (Leo Pessini) up on the first step-rate. Motion was then made by Selectman Hill, which was made unanimous, that Mr. Leo Pessini be appointed for the preliminary period of three (3) months, as a working fore-

man, at his present rate. Board to discuss this matter further with the Personnel Board. The above-named stipulations were made provided Mr. Leo Pessini, at the end of said preliminary period, has proved to the Board, his capability as Highway Foreman.

8:45 P.M. Then appeared Chief of Police, Francis J. Mattioli. Special Police were discussed. Chief Mattioli stated "Donald Banks has not served since October" (1956). Wage scale with reference to Police, also discussed. The name of L. Joseph Connors, School Street, brought up by the Chief. Mr. Connors applied for Special Police Work back in May 8, 1955.

Special request work discussed. Mr. Goff told the Board he was interested in "Special Police-request work."

9:15 P.M. Then appeared the Town Counsel, Mr. Alfred W. Howes.

Selectman Hill brought up the matter relative to Mr. James H. Cookman's using the building on Main Street, formerly known as "Young's Store". Mr. Hill stated, "I think he (Cookman) is wrong in using the store in violation of the Zoning Laws--it is up to the Selectmen to act, as there is a violation." Selectman Goff stated that Mr. Cookman asked him if he (Cookman) could have a hearing. (A hearing had already been held in the lower Town Hall some time ago, all abutters being properly notified) The Town Counsel is of the opinion Mr. Cookman is the person to whom the Board should write about this matter. Selectman Hill is of the opinion that Mr. Crossman, of Leominster, present owner, should be notified instead. "It is the use of the property which is prohibited", stated the Town Counsel. "Justice should be tempered with Mercy", again stated the Town Counsel.

9:30 P.M. Then appeared Mr. Donald Banks.

Discussion continued relative to the "Young's Store" building. Possibility of re-zoning Main Street, again discussed. Selectman Adams stated he was of the opinion Mr. Cookman wished to remain in said store for about two (2) months.

"1. You can give him (Cookman) time to get out--if he doesn't comply,  
2. you can bring suit", stated the Town Counsel. "Ask him (Cookman) to get out in Sixty (60) days," stated Mr. Howes.

Mr. Banks then told the Board that he did not want steady work as a Special Police Officer, that he would "fill" in should the Chief need him. Mr. Banks told the Board he strongly feels that two (2) men should be on the Cruiser, at night--he objects to only one (1) man's being on it. Selectman Hill told Mr. Banks that "what the Chief wants, is a man that he can call on at any time."

Miss Catherine Gralton's application for a Zoning Permit, to build an addition to her present garage, discussed with the Town Counsel, who is of the opinion "she can't do it."

Brewer Road widely discussed. Mr. Howes stated he wrote a letter to Mr. Cerel, telling him the Town had no way of knowing who owned any of the property that abutted on the Road in Southborough and Framingham. Mr. Howes also stated that "it appeared there was somebody there who would request access to said road. "If you abandon the road, and somebody is hurt, the Town is liable", stated the Town Counsel. Mr. Howes stated that Mr. Cerel is being asked to "produce an abstract." Mr. Howes stated that "if road

is abandoned and title to it goes to the abutters, the people on the otherside might be able to get out." Mr. Howes told the Board that for the present, he would like to handle this situation.

Mr. Hill then asked if the so-called "Town Hall Committee" was still in existence? "Are we out", asked Mr. Hill. "I should think so", stated Mr. Howes, "Selectmen have control of the Town Hall," "I would think it would be the job of the Selectmen."

Loam on Fisher Road, again discussed. According to Foreman Pessini, the

State Engineer is to come down "Friday" and will tell him (Pessini) what to do about said loam. Selectman Hill suggested that the Highway Foreman fix the road (Fisher) and haul about five (5) loads of said loam, leaving it in back of the Highway sheds, for the Town's use.

Barbed wire, on Lovers' Lane, discussed. Rubbish collection discussed.

The Board then discussed the second check of Mr. Joseph Novick's, as having been returned, due to insufficient funds. Mr. Novick was granted, some time ago, a Package Goods Wines and Malt Beverages License.

8:15 P.M. Then appeared Police Chief, Francis J. Mattioli, handing in his report from March 9, through March 26, 1957. Chief Mattioli also reported "a boy went into the store known as "Ramelli's Market" and made a purchase of Liquor, that upon being questioned by the clerk, as to his age, he presented to said clerk, a birth certificate, which was found out later, to be that of his brother's, that this same boy had been in court only yesterday on another violation of the same nature, that the man from whom the boy purchased the Liquor, had been fined. In his report on this incident, the Police Chief mentioned both boys were from Marlboro." The Chief then stated, "I will have to take the 'boy' to Westboro." The Chief continued his report by stating, "I issued sixteen (16) defective equipment tags." The Board told the Chief, that Mr. Donald Banks wishes to be a Police Officer, but not to be put on steady work. Chief Mattioli then stated that he and the Marlboro Police Chief, were going to Police School the week of May 13th, through May 17th, that this Police work is supervised by the F.B.I. The Chief concluded by stating "Radio gone in Cruiser."

This letter, is in answer to the Southborough's Board of Selectmen's letter of March 14th, relative to the way in which Mr. Edwin J. Fedeli conducts the operation of the "tri-Town" drive-in theatre, is a commendation to Mr. Fedeli.

10:00 P.M. Then appeared Mr. Edwin J. Fedeli applicant for said Drive-In theatre, who asked Selectman Hill if he was pleased with the visit he made to said Tri-Town theatre? (The Board of Selectmen had made a visit to said theatre on Sunday, March 17, 1957, at 7:00 P.M.) Selectman Hill stated, "As I understand it, the Board of Health should make its own percolation test". Chairman Goff stated, "what we saw of it (Tri-Town theatre) we thought it as very good." Selectman Hill stated, "we can't give you a definite answer tonight."

The Board then discussed "Trail Blazers" for the Toll Road. After some deliberation it was unanimously voted to grant the MTA permission to erect "Trail Blazers" on those places as indicated on map, which the Authority had submitted with its letter of March 6th.

The Board then granted a Zoning Permit to Mr. Charles Mauro, Winter Street, Fayville, to use land on said street to erect a house-dwelling.

Miss Catherine Gralton is being informed, through a letter, that the Selectmen are unable to issue her a Zoning Permit at this time, that she must apply to the Board of Appeals, since the proposed garage addition, according to Plan submitted is only four (4) feet from the west boundary line. The Zoning Law requires ten (10) feet.

Chief Mattioli appeared a second time, for the purpose of taking the Warrant to the Town Treasurer. Patrolman Pietrasiak also appeared with him. The Board told the Chief that Mr. Ramelli was to be called in relative to the Liquor violation committed by a boy from Marlboro, that Mr. Ramelli was to receive a "warning" from the Board. He is to appear at a meeting of the Board on Tuesday, April 1, 1957.

Chief Mattioli reported at this time that he went to the home of the former Superintendent of Streets, Mr. Louis Pessini, as requested by the Board of Selectmen, and asked for the Town's Highway Diary, that said Louis Pessini refused to give him (Chief) same. The Board is to discuss the matter with the Town Counsel.

Zoning application, as applied for by Mr. Vernon McLeod, 52 Washakum Street, Framingham, Mass., discussed. Mr. McLeod is being informed, by letter, that the drawing of his property, as submitted by him on a Plot Plan, is inadequate, that he (McLeod) will have to submit other plans, making out another application, as the first application was not legible.

Patrolman Pietrasiak, at this time, told the Board of Selectmen, it would be better if said Board would write to the "Ladies Auxiliary" of the V.F.W. (Mr. Pietrasiak is also Commander of said V.F.W.), relative to asking permission of said Auxiliary to remove the present piano and dispose of it, so that the piano which is now in the upper hall of the Village Hall, can be moved into the quarters of the V.F.W. Said Auxiliary is being so notified.

Board of Selectmen.

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

April 2, 1957

Members assembled at 7:00 P.M.

Present: Chairman, Howard E. Goff and Selectmen, John Hill and Henry B. Adams.

Then appeared Mr. Francis E. Ramelli owner and manager of "Ramelli's Market", known as New England Stores, relative to his or his employee's selling liquor to a minor.

Mr. Ramelli told the Board that the person to whom beer had been sold was rather "rough-looking," that he was questioned as to his age, that the boy answered "twenty-one", that he (Ramelli) stated, "pretty young looking to me", that "boy took out birth certificate dated 1935--saw it made him near twenty-two (22) years of age." Mr. Ramelli stated he then said "I suppose he is all right." "I never saw him before," stated Mr. Ramelli. "Chief Mattioli happened to be right there, he checked it." (Chief checked Birth Certificate) Chairman Goff stated he was convinced said sale was not deliberate on the part of Mr. Ramelli. Selectman Hill stated, "even though there was a birth certificate, that doesn't excuse you." Mr. Hill continued stating to Mr. Ramelli, "if there is any doubt in your mind, just don't sell it (Beer and Wine) to anyone." Mr. Ramelli then told the Board that "in the future, I will ask them their name and say is it all right if I call up your folks?" Selectman Hill then told Mr. Ramelli, "you can't afford to let this happen again." "I will see to it that it won't happen again", stated Mr. Ramelli. It was the general feeling of the Board that this incident was not intentional, that he (Ramelli) would receive a letter from the Board. Mr. Ramelli was told that as far as the A.B.C. is concerned, it would not have been excused.

7:30 P.M. Then appeared Chairman, Fred Quinn, and Mr. John Baveri, newly-appointed Committee (Mr. Walter Davis, third member, was unable to attend this meeting) under the title of "Town grounds and Services". Selectman Hill explained, the various duties of the new Committee, stating that only one (1) man, with his own equipment, will be employed to maintain the grounds for such work as mowing, seeding, fertilizing etc. Selectman Hill suggested to the Committee that this "job" be put out on Bids. The names of Messrs. Gene Mauro, Lawrence Misener, and Frank's Trucking Company, as possible bidders for said "job", were mentioned. New Committee is to contact the above mentioned.

Liquor License, as presently in the hands of Mr. Joseph Novick, under the name of Walker's of Southborough, discussed.

8:00 P.M. Then appeared the Town Counsel, Mr. Alfred W. Howes. The Board instructed Mr. Howes to look into the above-mentioned matter, since the Town has received two (2) different checks from said Novick, which had been returned, due to insufficient funds.

Then appeared Electrician, Wesley N. Pigeon, who had been called in again

tonight because the lights in the Lower Hall, as well as the Selectmen's office, went out, earlier in the evening. This was the second time that the lights went out during the course of a Town Hall function. Mr. Pigeon explained that since the Hall is being used more and more thirty (30) amperes are not sufficient, that two (2) cables could be installed at a cost of one hundred (\$100.00) Dollars, which would be enough to take care of the present lighting.

Selectman Hill questioned Mr. Pigeon as to whether or not this \$100.00 would be "thrown away", when the Hall is re-wired at a date some time in the future. Mr. Pigeon answered "No". Board unanimously voted to have said Electrician go ahead and do above-mentioned work.

The Board then carefully peruse all communications, pro and con, relative to the proposed drive-in theatre.

Application of Mr. Joseph Novick for removal of sand, gravel, loam and fill, from a parcel of land at the corner of Latisquama Road and White Bagley Road, discussed. (The Board of Selectmen received a copy of a letter, dated 3/13/57, as written to the Planning Board, from Louis W. Farley, Attorney for said Novick relative to said application) (The Board also received a copy of a letter, dated 3/28/57, as sent the Town Counsel, from the Planning Board, asking that Mr. Howes give it (the Planning Board) a legal opinion as to whether or not this permit should be granted) Mr. Howes told the Board that he is going to notify the Planning Board to the effect that it is his opinion that Mr. Novick does not need a permit to remove sand, gravel, etc., from the above-mentioned area. Mr. Howes stated he based his opinion on the fact that the By-Law allows removal of soil without a permit from areas which have previous to the adoption of the By-law been used for that purpose. Mr. Howes stated that he remembered when this particular piece of land was once used for a gravel pit. Mr. Howes stated that he feel some restrictions should be put on this, that he is preparing an agreement for the Planning Board, that Mr. Novick will sign, relative to certain "restrictions." Selectman Hill asked the Town Counsel if there was any way in which the Town "could get hold of this piece of land?" "By eminent domain", stated Mr. Howes. "You have to have a Town Meeting--got to have the Town vote," again stated the Town Counsel.

Liquor License of Mr. Novick, again discussed. Mr. Howes quoted the following from Chapter 138, Section 70, which states: "No License or permit under this Chapter shall be granted by the Commission or Local Licensing Authorities unless the fee therefor has been paid into the Town Treasury." Mr. Howes stated Mr. Novick is operating "in violation of the permit". He is to go and see Mr. Novick.

Drive-in theatre discussed with the Town Counsel. Chairman Goff stated, "can't see anything radically wrong with it." "I am neither for nor against it", stated Chairman Goff. The Town Counsel stated that he doubts that the license can be refused. "I don't think that it will be of any great value to the Town," Mr. Howes said. Many issues which might possibly arise, if said license is granted, widely discussed with the Town Counsel. Mr. Howes cited many cases which were won or lost, concerning drive-ins. Selectman Hill then made a motion not to grant said License--motion seconded by Selectman Adams and made unanimous by Chairman Goff. Mr. Fedeli is being notified to the effect said license was denied because :

1. Public opposition to the establishment of a theatre.
2. Danger to the morals of the neighborhood.
3. Danger due to increased traffic hazards.

Meeting adjourned at 12.00 Midnight.

The Clerk reported tonight, that Mr. Zussman, of the R & S Construction Company, which Company is building family dwellings on Atwood Road, wishes to excavate for six (6) water services on said Road. Chairman Goff is to investigate.

8:30 P.M. Then appeared Selectman Hill. Discussion continued relative to said Club-license application. Mr. Howes feels it is a very poor place (Wagon Wheels) to have a Club. Mr. Howes stated that Mr. Williams called him on the telephone "they were going to have a Club License, etc." Mr. Howes told the Board he went ahead to form the corporation, that a few days later, they (Williams) called him (Howes) up stating "the whole thing was off, that it was 'killing him' (meaning Williams), that the children were not doing so well in school, and not to do any more concerning the Club License." Mr. Howes explained the phrase 'killing him' as meaning the early hours the Williams had to be up, in the morning, in order to get ready for the day's work. Selectman Adams stated that he felt the first application should be considered. (Mrs. Marion Hilton applied, in writing, on the First of April, 1957).

8:40 P.M. Then appeared Mrs. Marion Hilton and Mr. Vincent Dunn, also Mrs. Fred J. Williams, who told the Board she still wanted the Club License. Chairman Goff then told all present how Mr. Williams had called him, stating he was no longer interested in said license, that Mr. Williams called the Town Counsel and told him the same. Mrs. Williams acknowledged what Chairman Goff reported as being "right". Mr. Howes then explained to all present, "the Board can not issue a Club License until it has been incorporated." Mr. Dunn stated that "we want our priority recognized, we know we have to incorporate, all we are working on, that assurance would be given." After further discussion, Selectman Hill told all present that it is up to the Board to issue said License, that it will be further discussed, by the Board alone. Said matter "laid on the table" until next Wednesday night.

Bids on the old fire station, Southville, opened and read, by Chairman Goff. Said Bids were received from Mr. & Mrs. L. P. After some discussion, Selectman Hill made a motion, which was made unanimous, that the Bid of Mr. and Mrs. Hebert, be accepted, and that the matter be turned over to the Town Counsel.

Gilmore Road widely discussed. Conditions to be investigated..

The Board also signed the contract concerning Chapter 81 Highways,  
Sections 26-29 inclusive, relative to the State's allotment of \$12,925.00.

Clerk to the Board of Selectmen

MINUTES OF MEETING  
BOARD OF SELECTMEN

Present: Chairman, Howard E. Goff, Selectmen, John Hill and Henry B. Adams.

Then appeared Mrs. Sophia Coleman, School Nurse, asking the Selectmen's aid in helping a young child, living in Southville, who may be in danger of losing the sight of one of her eyes, that according to "Dr. Alliane, M.D." newly resident in Framingham, the cost of an operation to correct this eye condition, would be approximately One Hundred Fifty (\$150.00) Dollars. Mrs. Coleman further explained that she had gone to the Welfare Department, and that said Department could not help in this particular situation, that she (Mrs. Coleman) had been told about the "Wilson Fund", and wondered if something could be done for this child, out of the Wilson Fund. The Board informed Mrs. Coleman, it would investigate this matter immediately.

7:15 P.M. Then appeared the Town Accountant, Mr. F. L. Baker.

The Board immediately discussed the various Funds in the Town, with the Town Accountant, whereby this child, as mentioned above, may be helped.

Bills approved for payment. Warrant #16--Amount, \$16,944.82.

Speeding of cars, near the Southborough Drug Store, Newton Street and Boston Road, discussed.

Selectman, Henry B. Adams questioned the right of the Board of Selectmen, to pay overtime to the Chief of Police. According to Selectman Adams, if the Chief of Police is working on a salary or yearly basis, said Chief should not receive overtime pay. Selectman Hill explained to Mr. Adams, that it was agreed that if the Chief had to work overtime, he would receive said overtime up to ten (10) hours, no more.

8:10 P.M. Then appeared Chief Mattioli, handing in his bi-monthly report from March 27 to April 10, 1957, concerning speeding, motor vehicle violations, accidents (1), vandalism (2) re: breaking of windows at South Union School, attempted robbery (1), stolen cars recovered (1). Radio equipment for the new cruiser, discussed. Chief Mattioli brought up the question as to whether or not Mr. Donald Banks was going to be appointed as a Special Police Officer. Salt needs of the Town, for its roads, this coming winter season, discussed. The International Salt Company is being asked to deliver, in October, 1957, One Thousand (1000) bags of said salt. (By this early order, the Town will be able to receive this salt at a lower rate, than if ordered at a later date,

the rate being \$1.10 per bag.)

The Highway Foreman then told the Board that the Sawyer Lumber Company, Worcester, quoted a 70-cent-apiece for cedar posts, for Fisher Road. Sawyer's is to receive an order for same. (150 posts are to be purchased.)

The dump on Parkerville Road, discussed. Mr. Pessini informed the Board he was receiving complaints from the caretaker, that papers are being "dumped" over the fence on Sundays.

9:05 P.M. Then appeared the Town Counsel, Mr. Alfred W. Howes.

Discussion continued as to whether the Water Department had the right to dig up the roads. "I would think so", stated the Town Counsel. The Board is to make investigation, with the Highway Foreman, this Sunday.

Then appeared Mr. Zussman, who is associated with the R & S Construction Company, which is building houses on Atwood Street. Chairman Goff explained to Mr. Zussman what is required as far as Water excavations are concerned. "You shouldn't take down the "wall", stated the Town Counsel, who continued "which is a Bound on Atwood Street." Mr. Zussman stated, "we have only altered the wall in places where driveways need access." "stones still exist on the street on the Lane." Mr. Howes explained to Mr. Zussman, that "on old roads, that's the only thing (stonewalls) we can go by." Mr. Howes stated that "if you put in permanent bound stones, so that we can have some way it can be surveyed, there will be some record of where the road is." Mr. Zussman stated, "if we find we have to take them (stonewalls) down, we will contact you people, before we do." This arrangement was agreeable to the Board. Selectman Hill then asked Mr. Zussman, "did the Water Department put in your services?" "Somebody was down today, I haven't spoken to my foreman as to what had transpired", stated Mr. Zussman.

Next, the Board discussed the Wilson Fund. This matter was turned over to the Town Counsel, who is to investigate whether or not there are any surviving Trustees.

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

April 14, 1957 (Sunday)

9:30 A.M. The Board of Selectmen met at Gilmore Road with Street Foreman, Mr. Leo Pessini, to look over the conditions of said Road, and found it in very bad condition, along the sides of the road, where the Water Department installed water pipes. It was found that the drainage had fallen in, in several places. Also, across the Road, where the extensions were made, in several places the drainage system was filled in.

After discussing the problem for some time, Mr. Pessini was instructed to contact the Department of Public Works, to see if it will "okay" certain repairs to the Road--to take off some of the curves--open the drainage system--scarify the Road in certain places, and widen the Road in several places.

10:00 A.M. The Board then went to Prentiss Street and found said Street in a deplorable condition. In talking with Mr. Andrew Lane, the Board informed him that a section of Prentiss Street, in front of the new houses that he has built recently, would have to be scarified and given two (2) coats of oil, cost to be borne by him (Andrew Lane).

Mission accomplished at 10:30 A.M. or thereabouts

MINUTES OF MEETING  
BOARD OF SELECTMEN

April 17, 1957

Members assembled at 7:00 P.M.

Present: Chairman, Howard E. Goff, Selectmen, John Hill and Henry B. Adams.

At 7:00 P.M., Mr. David Aldrich, Chairman of the Personnel Board, appeared, and reported that Mr. Leo Pessini had approached his Board, asking for an increase in his rating, since, as Mr. Pessini told the Personnel Board, he (L. Pessini) feels that he is expected to do more work with greater responsibility.

Bills approved for payment--Warrant #18, in the amount of \$6,416.09.

7:30 P.M. Then appeared Mr. William Binder, Jr., to discuss further, with the Board, his request for a Zoning Permit to use land on Hillside Avenue, to build a garage to house his equipment. (Mr. Binder had appeared before the Board, at its meeting of February 27th, 1957, and had been informed that it was necessary for him to appeal for a Variance from the Board of Appeals). Mr. Binder stated that before he went to the Board of Appeals, for a Variance, he wanted a ruling from the Town Counsel, that if the Town Counsel ruled a Variance is required, he (Mr. Binder) would concede.

Chairman Goff then reported that Foreman Pessini requested permission to work on Good Friday, for the Tree Warden. (Good Friday is also a paid holiday--April 19th). Request of Mr. Pessini, unanimously granted.

8:30 P.M. Then appeared Mr. Alfred W. Howes, Town Counsel. Further discussion followed relative to Mr. Binder's request, concerning his Zoning permit. Mr. Howes stated he wanted a little time to look into the matter, since he (Howes) does not know whether this land was purchased prior to the adoption of the Zoning Laws, and what was its use before the adoption of said Zoning Laws.

9:00 P.M. At this time, Mr. Francis R. Pessini appeared, and Chairman Goff, after having all present inspect the sealed Bid concerning the Used Cab and Chasis, opened and read aloud, the same. (This was the only Bid received concerning said Cab and Chasis. Said Bid was submitted by the Torwel Manufacturing Company, Framingham, and Mr. F. R. Pessini acted as its representative. Amount of said Bid.....\$915.00. Laid on the table--to be taken under advisement.

9:30 P.M. At exactly this time, Chairman Goff read aloud to the Board, the Bid from the Torwel Manufacturing Company of Framingham, as submitted by Mr. Francis R. Pessini, concerning the new sandspreader for the Highway Department, as advertised in the Worcester Gazette of April 8, 1957. This was one of three Bids received, in the amount of \$2485.00. Other Bids received specified only Tail-end spreader (Bid called for a "Front-end" spreader). According to Mr. Francis Pessini, at this time, the loader (Front-end) can be transferred to either front or rear at a cost of \$40.00. Mr. Pessini also suggested that whenever such a transferral is made, it is better to have the Torwel Company make said transfer. Other Bids received and read

aloud, by Chairman Goff, were:

Jim Herrick's Welding Shop, Marlboro,	for \$2100.(Front-End only)
E. J. Bleiler Equipment Co.	" 2067.(Tail-End only)
Perkins-Milton Co., Inc.	" 2011.(Tail-end only)

Mr. Frank Bleiler of the Bleiler Equipment Co. also present at the Bid-opening. The Board told all present, it would take this matter under advisement. Awardee is to be notified when award is made.

Town Counsel Howes also reported at this meeting, that last Monday, (April 15th) he and Selectmen Hill appeared in court, at Worcester, relative to the Merchant-Starcher case. (The Town was being sued by said Starcher, as a result of the Town's Tree Warden's having hired said Starcher to do certain tree work, during the moving of a house on Woodland Road, as owned by Mr. William Merchant, to Parkerville Road. The Tree Warden, in good faith, hired said Starcher, as a result of Mr. Merchant's stating, verbally, he would defray all expenses in the moving of said house.) Mr. Howes continued by stating that both Mr. Merchant and Mr. Starcher did not appear at this court session, that they were "in default".

Old Southville Fire Station Bid, as recently awarded Mrs. Hebert, discussed, by the Town Counsel. Mr. Howes told the Board he was given the impression by Mrs. Hebert, that her son was going to open "some kind of a shop to raise birds." Mr. Howes stated "the Town ought to tell her (Mrs. Hebert) what she can do and what she can't do." "Zoning Laws do not apply to publicly-owned property." Mr. Howes was instructed by the Board to discuss this matter further with Mrs. Hebert.

A verbal request by Mr. Herbert Cook, of East Main Street, to install a lathe in the basement of his home, discussed with the Town Counsel. Mr. Howes does not think there will be any question, but is to look up the Zoning Law on it.

It was brought out at this meeting that the All States Freight, Inc. located on Cordaville Road, intend to dig a trench for drainage purposes, across its land soon, and said All States Freight wants the Town to do this work. The Town Counsel told the Board that the above-mentioned Freight Company should be first made to pay for the damages it did, some time ago, to the Town's drainage system on said Cordaville Road. (Mr. Costello of C. A. Dodge

Company, contractors who built said All States Freight Terminal, assured the Town Counsel, quite some time ago, that this particular drainage disturbance would be taken care of). The Board voted to investigate this situation over the weekend, and Mr. Howes is to be informed of the Board's findings in order "to see what can be done."

The Board then unanimously voted to grant a Zoning Permit to Mr. Dean M. Lewis to build an addition to his present home on Walnut Drive.

The Board also unanimously voted to grant a renewal to Mr. Peter D. Hartnett, Marlboro, Mass. of his Junk License.

10:50 P.M. Next, Mr. Arthur St. Maurice, Scout Leader, appeared, handing in to the Board, a Plaque, honoring the Boy Scouts in recognition of their patriotic services in the 1956 "get out the Vote Campaign".

Letter, as received from Mr. John N. Schipper, Fisher Road, concerning a land-damage claim, discussed. Mr. Schipper is being notified that, at the present time, the Board of Selectmen has no way of knowing how much land will be taken from him, when the next section of Fisher Road is constructed, due to the fact that the County Commissioners have not laid it out yet. (Mr. Schipper has already had approximately 10,000 square feet taken, and the Board, in its letter of March 28th cautioned him to put in his land-damage claim)

A letter concerning a hearing at the State House on March 26th, and received in this office April 4, 1957, relative to placing Street Commissioners and Superintendents, etc., under life tenure unanimously voted against.

The Clerk reported to the Board tonight, that Mr. Leo Pessini, Highway Foreman, stated that the State Engineer, Mr. William Brown told him (Leo Pessini) today, that the State would not allow the Town to take any more funds out of Chapter 81 for Gilmore Road, that Mr. Brown stated, the Water Department will have to pay for this work, since said Department gave work out to a sub-contractor, who left the Road (Gilmore) in such a condition, that said Water Department will have to obtain the money to put the ditch back the way it was, that the Highway Department can do the "scarifying" of said road, which may be taken out of "81". Mr. Brown also told Mr. Pessini that, if the Town wishes, he will submit an estimate of the cost of doing this work on Gilmore Road.

Clerk also reported to the Board tonight, that Mr. Antonio Baia appeared in Selectmen's office this afternoon relative to what he would have to do to amend the Zoning Law, from a Business District to a Residential. The Clerk told the Board that Mr. Baia was referred to the Planning Board on this matter, since said Planning Board has to hold a hearing in such a case.

(Mr. Lozeau applied some time ago for a Permit, for one year, to live in said trailer, as presently located on said Norcross' property). The Town Counsel, after a full explanation, by Selectman Hill, on the above, stated he was of the opinion that said Lozeau is not in violation of the Zoning By-Law. It was then Voted, unanimously, that Mr. Lozeau be given a 30-day Zoning Permit to locate and live in said trailer on said land.

Wilson Fund again discussed. (The Board of Selectmen had been asked some time ago, through Mrs. Sophia Coleman, R. Foreman Pessini then reported that the Gulf Oil Corporation had left the Town's high-test gasoline tank, used by the Fire Department, for the fire trucks, empty, and that he (Foreman Pessini) telephoned the Gulf Oil Corporation, immediately, asking if a check had been made on said gasoline tank,

8:00 P.M. Then appeared Mr. Henry Callihan, Printer. Mr. Callihan's bill for the printing of the Town Reports, in the amount of Nineteen Hundred and Seven (\$1907.00) Dollars again discussed. Mr. Callihan stated that the cost of doing the work this year is in excess of last year, that he (Callihan) would like to check his figures, etc., to find out just what caused the difference in this year's costs. The Board is to await a further report from Mr. Callihan.

8:30 P.M. Then appeared Mr. Louis Zuretti of Flanders Road, Westboro, to discuss the Board's request concerning the Town's purchasing gravel from him. Selectman Hill questioned Mr. Zuretti as to whether or not he had a Permit to sell gravel, and as to whether or not said Permit has been limited. Mr. Zuretti told the Board he had such a permit and that no limit had been put upon it. Price per yard, for gravel, then discussed. Mr. Zuretti told the Board that he had not considered any specific amount per yard. Selectman Hill told Mr. Zuretti he is entitled to at least twenty-five cents (25¢) per yard. Selectman Hill also told Mr. Zuretti that if the Town does purchase this gravel from him, it (the Town) will first have to receive the go-ahead from the Department of Public Works. Williams, still wanted this Club License. At this point, Chairman Goff told all present that he had gone to see Mrs. Williams and asked her to give him a letter, in writing, to the effect that she and her husband no longer wanted said Club License. Mr. Goff stated at this meeting that he had been told, verbally, that the Williams' did not want this License any longer. Instead of receiving such a letter from Mrs. Williams to the effect that the License was no longer wanted, he received the above-mentioned that they did want the License. Selectman Hill told both Mrs. Hilton and Mr. Wood that, when the Williams were here at their meeting of March 13th, the Board gave them (Williams) the impression it saw no reason why they could not be granted such a license. (The Williams at this meeting of March 13th, told the Board they would see their Lawyer and discuss the matter with him). It was brought up at this meeting that the present Wagon Wheels, as managed by Mr. and Mrs. Williams was closed, that it was up for sale. According to Mr. Wood, he stated "it is up for sale for thirty-two hundred (\$3200.00) dollars", that "the only thing they want the License for is to resell." Selectman Hill stated, "I would like to call Mr. and Mrs. Williams back here--if they just request a license with the idea that the license will help them sell their business, I don't go along with them." The Board of Selectmen, at its meeting of April 3, 1957, adopted this order, as petitioned by the New England Telephone and the Worcester County Electric Companies, and feel, since said order has been adopted, the above-named Companies are within their rights to relocate said pole. (On a petition for a RELOCATION, a hearing is not required).

The Clerk also reported a telephone call as received from Miss Bouse of the District Engineer's Office of the New England Telephone Company, relative to the Toll Road Authority's locating Poles on Richards Road. Mr. Baveri stated he feels the piano, as presently in the Upper Fayville Village Hall, will be a difficult undertaking to move it down into the V.F.W. room. He (Commander Baveri) gave permission, in writing, however, to have the old piano in said V.F.W.'s room, removed by the Board of Selectmen, who will dispose of same.

Mr. Baveri, in the capacity of a member of the Town Grounds and Services Department, brought up the possibility of using the Old Fire Station, in back of the Fayville Village Hall, as a place of recreation for the children. The Board is to consider said possibility.

The Town Counsel advised the Board it had no recourse, but to revoke the above-mentioned Southborough Lobster House's Common Victualer's License.

The bids, as received concerning the one-half ton pick-up truck for the Highway Department, widely discussed with the Town Counsel. After having perused said bids, carefully, the Town Counsel stated the Board had no alternative, but to reject all of them, since there was not sufficient funds appropriated to meet said bid quotations. All Bidders are being so notified.

7:50 P.M. Then appeared Mr. John W. Boland, Fire Chief. Chief Boland told the Board he was dissatisfied with the way the State Civil Defense is handling the matter concerning the new radio equipment, as the Town has not, as yet, received approval of said radio equipment from said State.

8:00 P.M. Chief of Police, Francis J. Mattioli appeared, handing in his bi-monthly report from May 5th through May 18, 1957. them has been sent away.

Chief Mattioli also reported that "David Aldrich, Jr. is still missing.", that the "Federal Bureau of Investigation is to investigate." Safe, as moved at 'Mac's' garage on the Turnpike, discussed with the Board. Old Fire Station in back of the Fayville Village Hall discussed. Chief Mattioli reported that "all windows broken in front." "Blasting" by Mr. Edgar Phaneuf, at his home, discussed by the Chief, who told the Board that said Phaneuf intended to do said blasting, that he (the Chief) believed a Bond had to be posted before said blasting could be done. It was the opinion of the Town Counsel that Mr. Phaneuf did not have to post Bond.

Chief Mattioli then asked the Board if his Department could be paid once a week, instead of bi-monthly, that Patrolman Pietrasiak desired to receive his wages once a week, if possible. Unanimous vote that said wages be paid once a week.

9:40 P.M. Then appeared Mr. Leo Pessini, Bound stones and catch basins for Fisher Road discussed. Prentiss Street discussed. Mr. Frank Hyde of said Street, complained of water in front of his home, and requested the Selectmen to see if this condition could be corrected. (It is believed this water condition is as a result of the house-building project on said Prentiss Street, by Mr. Andrew J. Lane.) The Board is to see Mr. Lane to see what can be done, that said Lane is to be given ten (10) days to correct same. Town equipment discussed. Mr. Pessini asked for permission to purchase a "grease gun" that his Department could do the work. Mr. Pessini also reported that the equipment was in fairly good condition, that he felt, at times, some things were being done to said equipment, when brought to the garages, that were not necessary. Selectman Hill stressed to Mr. Pessini that the equipment must be kept "in trim" all the time the trucks are in use, that if something is let go--to be done at a later time--it costs much more money to take care of said equipment.

9:15 P.M. Then appeared Mr. Fred Williams, Cordaville, representing Mrs. Sarah E. Mann, who had this evening, been granted a Variance from the Board of Appeals, to build a garage. After seeing that all papers were in order, the Board of Selectmen granted a Zoning Permit to Mrs. Mann, to erect a one-car garage on Cottage Street.

Bill, as submitted by Mrs. McDonald, Agent, concerning the additional premium, relative to the Workmen's Compensation and Employees Liability policy, in the amount of \$880.76, again discussed. Mrs. McDonald is being informed through a letter, that the Board finds it expedient to meet with the Advisory Committee on this matter, that if the Advisory Board denies the Board's request for a transfer, it will be necessary to call a Town Meeting and have this amount (\$880.76), appropriated.

The Clerk reported tonight, that according to Mrs. Goodnow, Secretary of the Board of Health, the bill as submitted by Schofield Engineering Company, which had been taken off a previous Warrant, and which concerned said Company's doing percolation tests on land presently owned by Mr. Edward offutt, was strongly advised by the Metropolitan District Commission, and that, since money had been appropriated for such purposes, in the Board of Health's Budget, said Board went along with it. Board of Selectmen was satisfied with this explanation--said bill is to be put on Town's next Warrant, for payment.

The Board of Selectmen is in receipt of a letter from the Board of Appeals, granting Mr. Paul Lozeau's petition to locate his trailer on land as presently owned by Mr. Howard Norcross, Prentiss Street, in excess of thirty days. (A letter dated April 18th of this year, was received from Mrs. McDonald, explaining said additional charge of \$880.76 was due to the increase "in the change of rates and because there has been a substantial increase in the payrolls paid by the Town"). Selectman Hill told the Committee (Advisory) that the figure of \$2232.07 had been given by Mrs. McDonald, and was set up in the budget as a result. Both Mr. Millea and Mr. Claflin told the Board they felt that the increase of the Teachers' payroll could not possibly effect the increase as billed the Town, and suggested that both the Board of Selectmen and a representative of the Traveler's Insurance Company meet, jointly, to discuss the matter. Mrs. McDonald is being notified to set up an appointment with said representative, to meet with the above Board and Committee members.

Mr. Hill told Mr. Forbes to bill the Town for said locks as he (Forbes) had paid for same out of his own pocket. Selectman Hill also cautioned Mr. Forbes to use diplomacy when dealing with the Public. Selectman Hill also told Mr. Forbes that if there was anyone else who was dumping rubbish, improperly, to take their registration numbers, the time and date of said dumping, and report it to the Board.

Selectman Hill reminded Mr. Rodak that any action which had "been taken by formed Boards, as far as he (Hill) is concerned, has no bearing on the present application". Mr. Hill further explained to everyone present, that a thorough check had been made concerning Mrs. Hilton, that the State had approved her Charter, etc. Mr. Cameron Bradley stated that he felt there was a violation of the Zoning Laws, in this matter. Mr. Howes stated, "I think that is something for the Selectmen to decide, that it (Zoning Laws) has nothing to do with this".

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

July 3, 1957

Members assembled at 7:00 P.M.

Present: Chairman, Howard E. Goff, Selectmen, John Hill, and Henry B. Adams. Also, Town Accountant, Fred L. Baker.

Bills approved for payment--Amount, \$5,603.10--Warrant #30.

Clerk of the Board reported that it is the wish of the Highway Department to take its vacation the first two weeks in August. The Board unanimously voted to permit only two (2) members of said Department, to take two consecutive weeks' vacation, as it feels all members of said Department should not be away at the same time, should an emergency arise.

8:00 P.M. Then appeared the Town Counsel, Mr. Alfred W. Howes.

Mr. Howes reported that he had talked "with a couple of experts (Zoning) and that it was the general opinion of all that selling Liquor (Proposed Club 85) "is not going to make a change in the use" of the present establishment (Country Kitchen). Mr. Howes continued, "I think it would be an extension of the use--it was a restaurant before, it is still a restaurant, I think it is a matter that would be up to the Board of Appeals, Planning Board or some other Board." "I don't think the By-Laws must have the approval of the Board of Appeals. A club is a charitable corporation, and a charitable corporation is also to be non-profit--I think you could grant them (Club 85 applicants) the License." "If you turn it down, they will probably appeal". Mr. Howes also told the Board that if it grants said License, twenty-five (25) of the Town's taxpayers can appeal its decision to the Alcoholic Beverages Control Commission.

9:00 P.M. Then appeared Mr. Roger Martin, a Linesman of Local 104, Boston, requesting a Zoning Permit to locate one (1) trailer, permanently, on the land as presently owned by Mrs. James Smith, Middle Road. The Board granted him a 30-day permit to locate said trailer on said premises, and instructed him to appeal to the Board of Appeals for an exceptance of the Zoning Law. Said 30-day permit to take effect as of July 12th.

Zoning Permit of Mr. William Binder, Jr., again discussed. Mr. Howes stated he wrote to Mr. Binder stating all the facts as he (Howes) knew them. According to Mr. Howes, Mr. Binder told him he did not have all the facts in this matter, that he (Binder) would go and see him (Howes) giving all the facts, that Mr. Binder was to have appeared two (2) weeks ago at the Town Counsel's home, but to date, has not done so.

Situation at the Southborough Lobster House, again brought up. The is to investigate, to see whether or not said Corporation is complying with the Law, relative to the Sales tax on meals. If not, Common Victualer's License is to be revoked.

9:25 P.M. Then appeared Mr. and Mrs. Edward V. Chaput of Oak Hill Road, Fayville, also Mr. Paul Menard of said Fayville, to voice their objections of a relocation of a Pole (1), easterly side, at the southerly corner of Hilltop Drive--one (1) existing pole is to be removed, which had already been granted the N. E. Tel & Tel Company, by the Selectmen, on April 3, 1957. According to Mr. Chaput, pole would be too near his driveway, that because of the steep incline, it would be almost impossible to drive his car in, in the winter time without either damaging said car or damaging said pole. Mr. Chaput feels said pole could be moved "nearer the Turnpike". A meeting is being set up for Saturday, July 6th, with the Board of Selectmen, the Chaputs, (and others) and the N. E. Tel & Tel and possibly representatives of the Electric Company, at 4:30 P.M. at site of proposed relocation.

The above was a unanimous Vote.

John Harold Driscoll (Fay School)  
George W. Coleman (A Street)

Gun Permit request denied Flore L. Iodice (Golf Service Station Attendent). Mr. Iodice is being notified, by letter, to request same of the Framingham Police.

BOARD OF SELECTMEN

July 10, 1957

Members assembled at 7:00 P.M.

Present: Chairman, Howard E. Goff, Selectmen, John Hill and Henry B. Adams. also, Town Accountant, Fred L. Baker.

Bills approved for payment--Warrant #31, Amount--\$15,755.92.

Mr. Baron H. Crowell, Attorney at Law, representing the Regional School Investigating Committee, is being notified, by letter, as a result of his communication of July 2, 1957, to the effect that, to the knowledge of the Selectmen, no correspondence was received by or in the Selectmen's office that would indicate that the Board of Selectmen had received a copy of the Report concerning the Regional School, and that the Clerk was instructed not to execute the certificate, since no such certified Report had been received by said Selectmen's office.

8:00 P.M. Police Chief Mattioli's report was perused by the Board. (Said Chief did not attend this meeting). Said report included that period from June 23, through July 6, 1957, which concerned the serving of six (6) summons, Breaks and Robbery (1), Attempted break (1), Accidents (3), Damage to three cement posts), Complaints (6) concerning speeding on Oak Hill Road, Gambling, Domestic, and Dogs (2 strays). (Mr. Leland purchased the house he now lives in, from the Murco Construction-Natick, Mass., said Construction Company's having moved said house to this location). Mr. Leland stated his problem was to know just where to put in the gravel on the street, as he was having a bull-dozer come in to do the work. (This particular section of land has not been accepted by the Town, as yet). Foreman Pessini told Mr. Leland even though he does fix this section of road, the Town cannot go in and plough snow on it. Foreman Pessini also stated, after a discussion of said road's acceptance, that there is "no line to go by". Selectman Hill told Mr. Leland that, "before the Town can accept, you have got to come in with a Plan--we can't lay out that road until after a Town Meeting, and the Town won't accept until the Department of Public Works accepts." "If the Town goes ahead and accepts it (the road) and the Public Works Department doesn't, we will not get help from the State--Plan has to be on file at least seven (7) days, before the Town Meeting." "You can go ahead and build the road and use it", stated Selectman Hill.

Selectmen's account (clerical) discussed. Mr. Baker reported that said account stands at \$1555.30. Because of the increase in the amount of clerical work that must be performed, by the Selectmen's Clerk, which far exceeded the 30-hour work week, as set up in the Selectmen's budget for 1957, the Board of Selectmen is asking the Advisory Committee to attend one of its meeting, to be held on Wednesday, July 31, 1957, at 8:00 P.M., to discuss a possible transfer, should said Selectmen's clerical account be exhausted, before the end of the year.

8:30 P.M. Then appeared Roland Friceault, an employee of the Highway De-

partment, asking for vacation leave. The Board told Mr. Friceault he could have a week off, but without pay, since he (Friceault) has not been in the Town's employ six (6) months, as of July 1, 1957. Mr. Pessini also stated that it would take only two (2) days for the "Type I" job on said Framingham Road, that he wants to get drainage in and let it set for a month or so.

"Had to buy a tire last Friday night, on the pick-up", reported Mr. Pessini.

Drainage problems on Woodland Road and at Gulbankian's, Cordaville Road, discussed, also drainage from driveway of school down to cemetery.

Mr. William Binder, Jr., who is doing this work for said School, is to pay said Mauro, and the Town is to receive two (\$2.00) an hour for said roller. Another request was reported as having been made for the use of the Town's sandspreader. Request denied. The Board feels that no equipment (Highway) must be loaned to anyone, as such loaning only sets a precedent.

Mr. Pessini, Highway Foreman, also reported that the State Engineer gave him permission to remove the tree stumps, etc., from the Temple premises on Fisher Road.

9:30 P.M. Then appeared Mr. David Brown, who leases the Esso Service Station, on the South side of Turnpike Road, asking for a Zoning Permit, to locate a trailer on said Service Station's premises. Unanimously Voted: to grant Mr. Brown a 30-day Zoning Permit to locate one (1) trailer on said location. Board instructed Mr. Brown to appeal to the Board of Appeals, in order to obtain an exception, so that said trailer may be located, permanently on said premises.

A bill, as submitted by Miss Ann Daughan, Assistant Instructor at the Fay School swimming pool, between July 1st. and July 12th, in the amount of Twenty (\$20.00) Dollars, taken off above Warrant. The Board of Selectmen is of the opinion that said bill is as a result of services rendered, under the supervision of the Red Cross Group, that said bill should be paid out of a budget as set up by said Group, presumably. (A letter, dated July 20, 1956, had been sent said Group, through Mrs. Mary Baker, of Newton Street, concerning the setting up of such a budget, as above-mentioned). Mr. Woodward told all present, that the City of Boston got a "Special License" (to run Pin-Ball Machines). Mr. Woodward continued by stating, "in the City of Boston, unless you are over Eighteen (18), you are not allowed to play them". (Pin-Ball Machines). Mr. Woodward strongly advocated issuing licenses, since, as he stated, "you have more control over them". He also told the Board that the general fee for such a license is twenty (\$20.00) dollars a year, that the fee is paid according to in what month it is issued, i.e. if it is issued in September, the fee would be from September through December, or one-quarter of twenty dollars. Laid on the table--to be discussed at a later time.

Fletcher Company of Chelmsford, will deliver said curbing for \$2.46 a foot, that it would be delivered to this vicinity when a "load" has been ordered. Kelly, requesting the use of the old fire station, in back of the Fayville Village Hall, also, Mr. Baveri included in this request, the use of said Station, by the V.F.W. Auxiliary (Women's). Mr. Kehew explained, to all present, that it is the intention of the V.F.W. to renovate said Station, so that the children can have a place to go to, to play records, pin ball, pool, etc., "under the supervision of the V.F.W.", "to go along with the summer playground program". "Let's keep them off the street". Selectman Hill suggested that said V.F.W. insert an Article in the Warrant for the next annual Town Meeting, concerning this, that the V.F.W. determine what it wants,, that it (Old Fire Station) be turned over permanently, to said Organization, but that the Town would own it. Mr. Kehew emphatically stated that no liquor, at any time, would be served. The Board is to meet with the V.F. W., later, so that this can be discussed further, perhaps at the old fire station.

8:50 P.M. Then appeared Highway Foreman, Leo J. Pessini.

The Board then considered the request (Verbal) of Mr. Joseph Murphy, Turnpike Road, Fayville, for a Zoning Permit application or applications, to erect, on the East side of his present Motel, two (2) additional rooms, and on the West side, one (1) additional room. (At the present time, Mr.

Murphy's Motel location is in a Residential District). The Board is of the opinion that said Murphy cannot erect said motel rooms--the Town Counsel is looking into the matter.

"as of tonight, Pin-Ball machine will be licensed at the rate of Twenty (\$20.00) Dollars a year".

Application for a Class II Used Car License, as applied for by Mr. John Lund of Natick, again discussed. Selectman, John Hill is to investigate this matter. (The Town Counsel explained if the selling of used cars have been abandoned for one (1) year, it would be in violation of the Zoning Laws, therefore the Board could not issue said Class II Used Car License).

Chapter 718, relative to the Town's allotment, by the State, concerning highways, again widely discussed. According to the Town Counsel, said money may be used for "general roads for the general good".

Shaw is the OWNER of land through which a brook flows, and when said brook becomes filled up with muck, etc., it causes a drainage condition on the land of Mrs. Everett). Mrs. Shaw is being asked, by the Selectmen, to permit the Town to go onto herland, to clean out the brook, so that said drainage condition will be alleviated.

The Board of Selectmen is also requesting, by Letter, of Ted's Auto Service, Turnpike Road, Fayville, the whereabouts of a wheel and tire (spare) which went down to said garage with the new Dodge truck, but which was not put back on said Dodge truck.

Letter, as sent Mr. Henry W. Harrington, Prentiss Street, relative to his operating a business, in violation of the Zoning Laws, discussed. Patrolman Pietrasiak, who is taking Chief Mattioli's place while he is on vacation is to investigate this matter further.

Mr. T. Leo Brown, plumber, of Westboro, is also again being asked to investigate the problem concerning the proper heating of the Town Clerk's and the Welfare Department's offices. 7:15 P.M. Then appeared Mr. Edwin Williams, of John Street, Fayville, relative to the bad condition of the road, near his home, also relative as to whether or not said road has been accepted by the Town. Mr. Williams stated that in talking with Mr. James Trioli, Contractor, said Trioli claimed that the Town did accept that section of road near his home. Board is to make an investigation, if the Town does own this land, the possibility of oiling same, considered.

Mattioli, handing in his bi-weekly report from August 25 to September 21, 1957, concerning Breaks (3), Business Establishments found open (7), Persons taken to hospital (4), (one stretcher case), Persons arrested (3), (Drunkenness, concealed weapon, vagrancy) Missing children (1), Missing person (1), Vandalism (1), Runaways picked up (2), Indecent exposure (1), Complaints (3), Emergency (1), Man had heart attack, Motor Vehicle violations (6).

Chief Mattioli reported that a new law concerning Gun Permits would soon be enforced to the affect that persons eighteen years and older may be issued a Gun Permit, after being finger-printed, and thoroughly checked into.

8:30 P.M. Then appeared Fire Chief, John W. The Board of Selectmen, through a letter, is notifying the DeMatteo Construction Co, of 200 Hancock Street, Quincy, Mass., to the effect that it was the understanding of the Board of Selectmen, that MC3 oil, or its equivalent, was to be used on these Roads, instead of Tar, also, that the Town's sander was used to do the work on said Roads, that the Selectmen are not satisfied the way this job was done, that the job should have been done as requested by the Highway Foreman, and that the Selectmen still think "this is a just bill" (meaning \$54.00).

To date, the Planning Board has not approved same.

Letter, dated 9/18/57, as received from Ted's Auto Service, relative to the Town's inquiry concerning the rim and tire, which was to have been installed on the Dodge truck, discussed. According to said letter, the Goodyear Tire Company of Boston stated that the tire was not defective, as claimed by the Town, quite some time ago. Said Service is being asked to put on a first-class tire on said rim, and to notify the Highway Foreman to bring in Dodge truck for its installation.

The Board is also notifying Mr. Wesley N. Pigeon, that the electrical work in the Town Hall, must be done within thirty (30) days, otherwise the Board will have to call in another electrician.

MINUTES OF MEETING, Special  
BOARD OF SELECTMEN

Members assembled at 7:00 P.M.

Present: Chairman, Howard E. Goff, Selectmen, John Hill and Henry B. Adams.

Bills approved for payment--Warrant #44, Amount \$3,625.63 (Town Accountant did not attend this meeting--Warrant left in office as of 9/27/57).

8:00 P.M. Then appeared Chief of Police, Francis J. Mattioli, who had been requested, by the Board, to attend this Special Meeting, to discuss overtime pay. Also, at this time, appeared Mr. Ralph Gray, representing the Taxpayers' Association, and Mr. Jack Willis of Mount Vickory Road.

Chairman Goff has been opposed to overtime pay for the Police Chief, stating to him (Chief Mattioli) "you have gotten a lot of overtime". Mr. Gray agreed to the fact that an error was made in the original plan, meaning the Job Classification set-up, in that "the Chief is not getting the same as the Laborer". Selectman Hill explained that the overtime set-up had been made by the Board of Selectmen, some time ago, that said overtime meant only ten (10) hours over his regular time. Selectman Hill asked Chief Mattioli if he would go along, for the present, without any overtime until something can be done. The Chief agreed to this. The possibility of asking the Personnel Board to raise the bracket of the Police Chief, thereby revaluating his position, considered. Chairman Goff stated, "if your (meaning Police Chief's) salary is raised, I will not oppose it."

8:35 P.M. Then appeared Mr. Philip Mauch, Framingham Road, who discussed the possibility of selling gravel to the Town. Chairman Goff explained to Mr. Mauch, that, at the present time, the Town is purchasing gravel from Mr. Louis Zuretti, of Westboro. Selectman Hill explained, in detail, the difficulties the Town had been having in the purchase of said gravel.

Mr. Mauch told the Board "there's endless amounts" (of gravel), that he has to sell and that the "State Engineer has approved it". Mr. Mauch asked if there was any possibility of his selling gravel to the Town for Framingham Road. The Board, through Selectman Hill, told Mr. Mauch, it would take the matter up with the Highway Foreman, and let him (Mauch) know.

9:00 P.M. Then appeared Mr. Howard Merrill, Fence Viewer, showing the Board a letter, as received from Mr. Kiley of Edgewood Road, requesting that a fence be erected between his land and land formerly of "Taylor". According to Mr. Goff, this land formerly of "Taylor" refers to land as presently owned by Mr. Fred Harris, who is the owner of the Turkey Farm. It was agreed by all present, that matter be placed in the hands of the Town Counsel. Mr. Merrill is to contact Mr. Howes.

9:30 P.M. Next appeared Mr. Colomartino, Mr. J. F. Murphy, and Mr. Brandano, who reside on or near Turnpike Road, Fayville, for the purpose of discussing the changing, through amendment of the Zoning Laws, a certain section on said Turnpike Road, which is now residential, to a Business

9:35 P.M. Then appeared Mr. Alfred W. Howes, Town Counsel.

District. Mr. Howes explained to Mr. Colomartino, Mr. Murphy, and Mr. Brandano, that "you file an application with the Planning Board, then you have to have a hearing on it (Amendment) first, they hold a public hearing, they have got to, for, if they don't, Town cannot act on it in time to have an article at the Annual Town Meeting". Mr. Howes also explained to Mr. Murphy that he could not extend the use of his present business (Motel) because it is in a Residential District. All present expressed their satisfaction to Mr. Howes' explanation, and are going to act accordingly.

The Harris-Kiley situation brought to the Town Counsel's attention. Mr. Howes feels at this time, a dispute has arisen between both parties, since Mr. Harris has erected a fence on what he believes to be his property. Mr. Howes stated line is to be determined by the Fence Viewers, where fence is to be placed.

Mr. Merrill, who had left the Selectmen's office, reappeared at this time, to discuss further, the Kiley-Harris situation, with the Town Counsel. Mr. Merrill stated he did not think that Mr. Norman Johnson, who was appointed a Fence Viewer last March, had been sworn in. Mr. Howes suggested that Mr. Merrill talk this matter over first, with Mr. Harris.

Discussion then followed relative to appropriations to be made and requested, concerning Chapters 81 and 90, relative to the Town's Highways. The Town Counsel read aloud certain Sections concerning Chapter 81 and 90, reminding the Board that the State will not consider helping the Town after it has considered said Town's valuation as being Five Million (\$5,000,000) Dollars or over. Chairman Goff, who is to attend a hearing at the Court House, Worcester on said Chapters, relative to the 1958 appropriations, was advised to just give in the requests as made, viz:

Chapter 81	\$16,000.00
" 90	5,000.00 Construction
" 90	1,500.00 Maintenance

John Street discussed with the Town Counsel. Selectman Hill told the Town Counsel, that both Mr. Williams and Mr. Clark, who live on said Street, think the Town has accepted that section of said Street on which they live--it is the opinion of the Board that said section has not been accepted. Matter is to be further investigated.

Selectmen's Clerk reported tonight that Chief Mattioli had reported he had sent to the County Commissioners, today, the Town's certification of the maiming and killing of twenty-three Holland Turkeys by dog or dogs, belonging to Mr. Fred Harris of Edgewood Road, valued at Eight (\$8.00) Dollars apiece.

Chief Mattioli also reported that Mr. William Fletcher of "Bill's Package Store", Fayville, is to appear this coming Monday, October 14, 1957, before Judge McIntosh, in Westboro Court, concerning the selling of Alcoholic Beverages to minors, as brought out at the hearing, in the Judges' Chambers, on August 28, 1957. Chief Mattioli also reported he brought the matter concerning the Turnpike Food and Liquor Mart to the attention of Judge McIntosh, and stating he (Chief Mattioli) did not have a "case" against said Liquor Mart, or its Manager. Selectman Hill asked Chief Mattioli to make up a report relative to the Turnpike Food and Liquor Mart, as one boy

was seen leaving said store with liquor in his possession, that nobody saw said boy buy said liquor. Selectman Hill feels that something should be on file in this office, should the Alcoholic Beverages Control Commission require a full report on same.

The Board then discussed the Selectmenn's Clerical Account, again with the Town Accountant. Town Accountant is to make a report of same, as soon as all postings have been made. A transfer from the Advisory Board is to be forthcoming, should one be needed. Selectman Adams feels said transfer should be made now, because of the time involved before said transfer can be made.

8:30 P.M. Then appeared the Highway Foreman, Leo J. Pessini, making his routine report. Mr. Pessini, who is also Custodian for the Fayville Hall, reported that a private wedding party was held in said Hall, this past Saturday, that no liquor was sold, but that there was plenty of the same at said party, that an agreement was made by those holding said party, that no liquor would be taken to the Upper Fayville Hall, that said agreement was broken, and that said Hall was left in an unsightly state, that said wedding party was "Bennett on Forest Street, Marlboro". Selectman Hill stated "you should have had a police officer down there". New Rules and Regulations to possibly be drawn up for said Hall.

Sidewalk and curbing on Main Street, again discussed. Possibility of continuing said sidewalk down to the DeMone building, discussed. The relocating of the telephone pole, which juts out, and is now on the highway, since new stone curbing sidewalk was installed on the south side of Main street, opposite the Fire Station, discussed.

Drainage on Atwood Street, widely discussed.

Mr. Pessini brought up the possibility of purchasing a "grease gun", so that the greasing of Highway equipment can be done at the Highway garage. Selectman Hill is strongly in favor of having all equipment given a monthly check-up at the various garages to which said equipment has been allocated. Possibility of housing the Highway sanders better, discussed, since, at the present time, no doors are on that part of the Highway buildings where said sanders are kept.

9:00 P.M. Then appeared Mr. Henry Mingolia of Bayer & Mingolia Construction Company, Inc. Chairman Goff, after having all present personally inspect envelopes in which Bituminous bids had been received, proceeded to open same and read aloud same. Bids were received from the following:-

The Board tentatively awarded said Bituminous Bid to the Ricciardi & Sons Construction Company, subject to the approval of the Department of Public Works. Highway Foreman is to check with the State Engineer, prior to notification to said Construction Company.

Next appeared, at approximately 9:30 P.M., Mr. and Mrs. W. A. Hartwig, Miss Newman and Mr. Hirsch of Red Gate Lane, so-called, for the purpose of discussing, with the Board, the possibilities of receiving help from

the Town concerning plowing, street-lighting, etc. Selectman Hill explained, in detail, that the Town cannot go in onto private property to do any plowing, that said plowing would have to be done through hiring outside help, by the land owners themselves, that no street lighting could be installed by the Town, since said Red Gate Lane is not an accepted street. Miss Newman, who seemed to be the spokesman for the group, stated she was satisfied with Selectman Hill's explanation, that she would take the matter up with the Contractors to have said street accepted.

Zoning Permits granted Business Development, Inc. 47 Church Street, Boston on Lots #13, #14, #20, #29, and #30 off Atwood Street, known as Leonard and Harris Drives, so-called.

7:15 P.M. Mr. Wallace Goodnow, of the Planning Board, then appeared, explaining the reason his Board did not approve the Zoning Permit application, as requested by Mr. Scott Ferguson, of this Town. Mr. Goodnow stated that, since the Board of Appeals approved a Variance in this matter, it was his (Goodnow's) belief the approval of the Planning was not required. (Said Permit granted Mr. Ferguson as of this date, Oct. 16, 1957.) Selectman Hill then asked Mr. Goodnow how the Planning Board approved overall plans concerning drainage, relative to proposed new roads to be accepted by the Town? Mr. Goodnow explained that his Board had the Highway Superintendent's okay on same, before final approval was given. Mr. Hill suggested that from now on, the Department of Public Works be asked to put its approval on the Planning Board's copies concerning all sub-divisions in the Town.

7:30 P.M. Then appeared the Town Accountant, Fred L. Baker and Bills were approved for payment--Warrant #46, Amount \$8,630.21.

Selectman Adams strongly in favor of transfers' being made at the time they are requested, because of the time involved to make said transfers. The Advisory Board, through its Chairman, is being asked for a transfer of Five Hundred (\$500.00) Dollars for said Clerical Account.

The Town Accountant, at this time, reported that he had received the Advisory Committee's okay on the transfer of Seventy-five (\$75.00) Dollars, to defray costs of repairs to be made to the Town Hall heater, (Fire "ox).

9:00 P.M. Mrs. Marion K. Stone appeared, relative to the hearings being held concerning the N. A. Tel & Tel and the Worcester County Electric Company's requests to locate poles on:-

Mr. Hill explained, fully, to Mrs. Stone, that these poles were not to be located on the Stone property, but

on the Town's property.

A request of the above-named Telephone and Light Companies was granted concerning Oregon Road:-

(Clerk instructed to check with the Supt. of the Water Department, to find out whether or not said Department is to supervise said work, and that if said work is being done under said Water Department's supervision, permission is granted.

Permission has been received from Mrs Ernest K. Shaw, presently living at Hillcrest Rest Home, in Marlboro, for the Town to go onto her property located on Southville Road, for the purpose of cleaning out a ditch, which is causing a drainage condition, it is believed, on the property of Mrs. Luna Everett.

Permit, as granted the "orcester Gas Light Company to open and dig up the ground in Boston Road, for the purpose of laying new gas service line into the home of J. Mauro, noted by the Board. (Highway Foreman Pessini signed said Permit).

Clerk reported tonight that Mr. Wesley Pigeon, Electrician, was to start work on Town Hall, Friday, Oct. 18th.

"Business" as being operated by Mr. Henry W. Harrington, Prentiss St., brought to Board's attention. (It is believed Mr. Harrington is operating said "Business" in violation of the Zoning Laws).

Letter, as received from the South Middlesex Association for Retarded Children, Inc., noted by the Board, and said Corporation is being notified that the Selectmen know of no provisions of the General Laws, particularly Chapter 68, Section 17, as amended, or of the Town's By-Laws, which necessitates their approval of said Corporation's activities as soliciting agent in the Town.

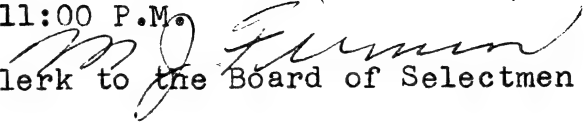

9:55 P.M. Then appeared the Town Counsel, Mr. Alfred W. Howes. The Board immediately told Mr. Howes of the request of Mrs. Marion K. Stone, who asked that the request of the Ne. E. The Town Counsel advised the Selectmen to grant said request to said Companies, since no "objection" was made. Said request was granted.

Framingham Road, which is at present, under construction, discussed. Selectman Hill called Police Chief Mattioli to have police officers available for duty on said Road.

Zoning Permit unanimously granted Robert Kiley to build a one-family home on Edgewood Road.

John Street widely discussed. The Town Counsel searched the records in the Town vault concerning said John Street, and found that the first section of said Street, was NEVER recorded, that that is one of the reasons the records could not be found at the Worcester Registry. However, records were found in the vault concerning a description of a part of John Street, as accepted by the Town, and from which Mr. Brown is to have Plans drawn up.

Meeting adjourned at 11:00 P.M.

  
Clerk to the Board of Selectmen

Selectmen's Clerk reported tonight, to the Board, that Mr. Louis Zuretti appeared in Selectmen's office this afternoon, making inquiry relative to why the Town has not been purchasing gravel from him for Framingham Road. (The Town, at present, is purchasing gravel from Mr. Philip Mauch, for Framingham Road, and does not have to replace loam after gravel is taken from pit, also the distance is not so great to haul said gravel).

7:35 P.M. Mr. T. Leo Brown, Plumber from Westboro, appeared, and a discussion ensued relative to the heater in the cellar of the Town Hall. Mr. Brown explained to the Board that what was needed, as far as the welfare office was concerned, was a "Booster Fan", that said Fan would serve Police and Town Clerk's offices, as well, that a new combustion chamber would have to be built in the heater, that the cost of doing both jobs would be Seventy-eight (\$78.00) Dollars and Ninety-six (\$96.00) Dollars, respectively. After carefully checking the Town Hall Account with the Town Accountant, a two-thirds Vote was made to give the "go-ahead" to Mr. Brown. Said work to possibly be started this coming Tuesday.

Re: the Turnpike Food and Liquor Mart, sufficient evidence could not be submitted to prosecute said Liquor Mart. However, in the case of Bill's Package Goods Store, the chief reported that Mr. William Fletcher, owner of said Bill's Package Goods Store, was found 'guilty' at the Westboro District Court hearing of October 21st. fined Fifty (\$50.00) Dollars, and that said Fletcher 'appealed' his case, which is to be brought before Superior Court in Worcester. (The Board of Selectmen is aware that the Alcoholic Beverages Control Commission wishes to be informed of the outcome of this case, and is,

therefore, checking same with the Town Counsel).

Traffic on Routes 30 and 85, and at Boston Road and Newton Street, again discussed. Chief Mattioli reported that the report he had received from the State concerning the afore-mentioned Routes are:-

Change regulations on Main Street and Route 85 (Tracings requested).

(The above change would simply mean the switching of the red and yellow flashing lights, making Route 85 a 'through way', instead of Main Street).

Chief Mattioli also reported that the State reported that from one hundred (100) to two hundred (200) more cars, in a twelve-hour (12) period go over Route 85, than go over Route 30, in the same period.

Chief Mattioli also reported that he is going to request "12-inch lights" be installed at the traffic lights, at Fayville, from the Department of Public Works.

8:30 P.M. Chief of the Fire Department, John W. Boland, next, appeared, discussing the way in which the men are to be paid, relative to their helping the Town of Boylston, during the Forest Fire scare in May. Check to be made out to Chief Boland, who, in turn, is to pay off the men.

Chief Boland then reported that a bill in the amount of Twenty-two Hundred Thirty-four (\$2234.00) Dollars is being sent to the Business Development Inc. in care of David Zussman, President, as a result of the damages, by fire, as caused by said Development, Inc., who, according to Chief Boland, had been burning without Permits, up off Atwood Road. (The Fire Department was called out several times to fight these fires). Chief Boland also reported that he had the radio in his own car transferred from a six (6) to a twelve (12) volts. "Fire equipment not too bad", stated Chief Boland. 1935 Forest Fire truck discussed. Chief Boland is of the opinion that soon, the Town will have to consider the buying of such a truck. (Mr. Pessini was referring to Framingham Road). Mr. Pessini also informed the Board, that the State Engineer, Mr. Scott Benedict, who was in the Selectmen's office this afternoon, told him (Pessini) "not to give out contract yet on Type I, as we may not have enough money to do it."
